Dear Jessica,

We are able to once again partner with MACC to provide free microchips for residents of the Davidson County Community.

We are donating $260 to Metro Animal Care and Control, with the purpose of purchasing 26 additional microchips for the month of November.

If we are not mistaken, 14 microchips remain from the free microchip services in October. MACC will therefore be able to provide a total of 40 free microchips from FOM for Davidson County residents for the month of November, or 10 per week. A check for this amount has been provided.

Please let us know if you have any questions.

Thank you Jessica!

Best regards,

N. Ritchie
