Madison Station Blvd Project

Rain delays impacted the work this week. Kiewit has been dewatering the site. The rock lining in the bottom of the pond area was removed. Work was done on the subgrade adjacent to Hardees prior to the rain we received on Monday evening and Tuesday. Stansell is active onsite pouring light pole foundations and completing NES relocations. Rogers Paving is scheduled to come out and pave north of the roundabout on Friday, tentatively. Mid-State Mobile is schedule to repour the damaged curb and gutter located at the roundabout on Friday.

North Nashville - Capital Bikeways Project

Two-Week look ahead as weather allows:

- PRI to begin MMA installation on 28th Ave N as weather allows as high temperatures and high humidity cause curing issues.
- We do not have a schedule for Special Operations to begin milling on Monroe St at this time.

Sidewalk Café/Outdoor Dining Permit

Reminder: Metro Codes, in coordination with other Metro departments, is facilitating the sidewalk cafe/outdoor dining permit. Businesses all around Nashville can apply for this permit to expand their outdoor dining space. Information about the permit, and how to begin the application can be found on NDOT's permits page: <https://www.nashville.gov/departments/transportation/permits>.

Neighborhood Clean-Ups

Help Keep Nashville Beautiful by organizing a clean-up or planting project in your neighborhood. Learn about how to [organize a cleanup](#) or where you can borrow tools free of charge from [Nashville's Tool Share](#) program!

Adopt-A-Street Program

Metro Beautification's Adopt-a-Street program is a great and inexpensive way that churches, businesses, neighborhood groups or individuals can help to keep Nashville beautiful. To learn more about the program or to Adopt-A-Street visit our website, [AdoptAStreet.Nashville.gov](#).

Clean-ups scheduled for this weekend:

- Mrs. Betty Cravens Memorial - Mt. Vernon Drive from Clifton Ct. to Clifton Ct.
- Dillon, Denny, Wright Family Memorial - Rayon Drive from Bridgeway Ave to State Route 45
- Sherry & Brian Dillon Initiative - Bridgeway Ave
- Dillon Traffic LLC - Hadley Ave from Robinson Road to Donelson Avenue
- Alex Hannan - Kellow Street from 10th Avenue to 18th Avenue

Litter

3.65 tons collected over 26.2 miles

Projects Underway the Week of 9/05/2021 – 9/11/2021

KEY	
CASTING ADJUSTMENTS	Adjustment (lowering) of utilities to allow milling machines to traverse the roadway without damaging utility assets. Re-adjustment (raising) of utilities so that they will again be flush with the new surface that will be applied.
MILLING/UNDERCUTTING	Removal (milling) of old surface using a milling machine. All milled surfaces must be cleaned by the milling contractor and marked appropriately to safely direct traffic. During undercutting the old surface that has failed is cut out and new material is put back in before it is resurfaced.
INFRARED	A technique where infrared heating systems apply heat to pavement surfaces and aid in the removal of existing material and replacement with new asphalt mixture.
SIGNAL LOOP WIRES	Signal Loop Wires are installed under the pavement. They are used to detect vehicles passing or arriving at a traffic light.
CRACK SEAL	A sealant put into the construction joint to keep water out so the road will not depreciate.
FOG SEAL	A sealing put on the road to give the road an extended period before it gets paved.

It will connect with Nashville International Airport, Thompson Lane, and Downtown Nashville south of Broadway (SoBro). It will follow existing MTA 55- Murfreesboro Pike bus route, but will terminate at the SoBro Transit Hub instead of WeGo Central. Buses running in majority dedicated lanes with iconic stations, off-board fare collection, platform level boarding, high-capacity buses, and fast and frequent operations. Project cost also includes significant roadway, safety, traffic management/ITS, pedestrian crossing, and sidewalk improvements.	Planned

	Wedgewood Avenue Extension	TDOT	\$10,057,735	\$5,000,000	\$ -		Comprehensive improvements to Wedgewood Avenue as well as spot improvements at area intersections will be needed to facilitate multi-modal access to the site. Given the unique considerations of bridge construction, we are specifically requesting TDOT's funding participation for a bridge over Brown's Creek and the associated extension of Wedgewood Avenue through the site. This short roadway extension and bridge will result in the important connection between SR 6 (8th Avenue South), the 1-65 interchange, the fairgrounds site, and SR 11 (Nolensville Road). \$5 M TDOT, 110 M total	Awarded

Road Construction Won't Delay Motorists

Monday, August 30, 2021 | 08:42am

NASHVILLE, Tenn. – The Tennessee Department of Transportation will halt all lane closure activity on interstates and state highways for the Labor Day holiday travel period. Construction crews will stop all lane closure activity at noon on Friday, September 3rd, until 6:00 a.m. on Tuesday, September 7th. This will provide maximum roadway capacity for motorists traveling during the busy Labor Day holiday.

“The Labor Day holiday is typically a busy travel time,” said TDOT Commissioner Clay Bright. “We want to ensure that the thousands of travelers using Tennessee’s roadways during this period arrive at their destinations quickly and safely without being impeded by road construction delays.”

While lane closure activity will be stopped, workers will still be on-site in many construction zones, and drivers are urged to obey posted speed limits. Drivers convicted of speeding in work zones where workers are present face a fine of \$250 to \$500, plus court fees and possible increased insurance premiums.
