SUBSTITUTE ORDINANCE NO. BL2015-1153

An ordinance to amend various sections of Title 17 of the Metropolitan Zoning Code to add alternative zoning districts and modify alternative zoning district standards. (Proposal No. 2015Z-012TX-001).

WHEREAS, there is a need to create non-site plan based zoning districts to implement the bulk standards necessary to create the walkable communities envisioned by the citizens of Davidson County through the general plan;

WHEREAS, encouraging and fostering development and reinvestment that promotes alternative modes of transportation such as walking, bicycling and transit are important to enhancing the quality of the life of the citizens of Metropolitan Nashville and Davidson County;

NOW, THEREFORE, BE IT ENACTED BY THE COUNTY OF THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY:

Section 1. That Section 17.08.010.F (Commercial Districts:) of the Metropolitan Code is hereby amended by deleting items 1-3, inserting the following districts as items 1-6 and renumbering the remaining items accordingly:

1. CN Commercial Neighborhood.
2. CN-A Commercial Neighborhood Alternative.
3. CL Commercial Limited.
4. CL-A Commercial Limited Alternative.
5. CS Commercial Service.
6. CS-A Commercial Service Alternative.

Section 2. That Section 17.08.020.F (Zoning Districts Described: Commercial Districts) of the Metropolitan Code is hereby amended by retaining the introductory paragraph, deleting Sections 17.08.020.F.1, 17.08.020.F.2, 17.08.020.F.3 and inserting in their place the following descriptions:

1. CN, Commercial Neighborhood District and CN-A, Commercial Neighborhood District Alternative. The CN and CN-A districts will implement the local convenience and neighborhood retail policies of the general plan. These districts are designed to provide for the recurring shopping and personal service needs of nearby residential areas. The range of permitted uses is limited to those which are generally patronized on a frequent basis by neighborhood residents. The bulk and buffering standards are intended to insure good compatibility between the commercial uses and adjacent residential properties.
2. CL, Commercial Limited District and CL-A, Commercial Limited District Alternative. The CL and CL-A districts are designed to provide for a limited range of commercial uses primarily concerned with retail trade and consumer services, general and fast food restaurants, financial institutions, administrative and consulting offices. The uses in this district serve a moderately wide market area, and therefore ease of automobile access is requisite.

2. Corner lots on local streets shall not take vehicular access from the street which the home primarily fronts, but shall be from the side of house unless site conditions make side access impractical. 5. Lots with slopes greater than 25% shall meet the critical lot requirements of Section 17.28.030 of the Metro Zoning Code. The final site plan shall designate any lot meeting the criteria for a critical lot on the final site plan.
6. A C-Landscape Buffer Yard shall be provided adjacent to any lot adjacent to the TVA easement and/or the proposed Southeast Parkway ROW reservation.
7. A six foot wide sidewalk and six foot wide planting strip shall be provided adjacent to the planned collector. A five foot wide sidewalk and four foot wide planting strip is required adjacent to all local streets.

9. The limits of disturbance shown on the preliminary plan may not be increased.
10. The Preliminary SP plan is the site plan and associated documents. If applicable, all notes and references should be removed that indicate that the site plan is illustrative, conceptual, etc.
11. Access into Indian Creek Estates shall not be permitted with phase one, but shall only be permitted with phase three s shown on the preliminary plan.
12. Construction activity shall conform to all construction noise requirements of the Metropolitan Code.
