

MEGAN BARRY
MAYOR

METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

DEPARTMENT OF PUBLIC WORKS
750 SOUTH FIFTH STREET
NASHVILLE, TENNESSEE 37206

Memorandum

To: Members of the Metropolitan Council

From: Mark Sturtevant, Public Works Director *MAS*

Date: October 17, 2016

RE: Metro Public Works Completed Capital Projects

Attached you will find a listing of Metro Public Works completed capital projects from July 1, 2013 through June 30, 2016 as requested by Councilman Schulman. The information contained in this report represents major capital projects (greater than \$5000) that include Paving, Sidewalks, Bikeways, Bridges, Traffic and Roadways. This report does not include the minor capital projects (less than \$5000) such as Infrared Repair, Crack Sealing, Fog Sealing, Pot Hole Repairs, Base Failures, 20% Curb Ramp Repairs, Pavement Marking Refurbishment, Traffic Sign Replacement, and Traffic Controller Upgrades. Emergency Roadway Failures that involve sink holes, underground springs, and roadway slides are also not represented in this report.

Public Works is in the process of entering Capital Projects into a new database that will allow us to send you a list of current open projects and pending projects. This information will also be available as part of Public Works open data portal in the near future.

Thank you for your patience as Public Works continues to refine our information accessibility for past, present and future capital projects.
