METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

To All Offerors of RFQ#941597, Brandau Road Water Main Replacement Phase I

Re: **Determination of Non-responsiveness Related to Business Licensing**

Dear Offeror:

The Metropolitan Government of Nashville and Davidson County determined that submissions were non-responsive to the solicitation requirements due to MU licensing requirements.

Since those determinations the Procurement Division office has been in discussion with the State's Board for Licensing Contractors and Metro Water Services. The review does not uphold the department's assessment that those MU licensing requirements were insufficient.

As a result, those determinations have been reversed. Procurement Staff will rescind the awards and reissue based on the new information. All protests are dismissed but this notification serves as a new notice of award and the protest period begins anew.

Thank you for understanding and permitting us to fairly award projects.

Respectfully,
