

The Metropolitan Government of Nashville & Davidson County Finance Department

FY2014-2015 Revenue Manual

Karl Dean, Mayor

Richard Riebeling, Director of Finance

Talia Lomax-O'dneal, Deputy Director of Finance

Prepared by the Office of Management and Budget

September 2014

Message from the Office of Management and Budget:

The Metropolitan Nashville Department of Finance's Office of Management and Budget is pleased to present this update to the Revenue Manual, reflecting on Fiscal Year 2015. This document indicates the various sources of revenue for the Metropolitan Government of Nashville and Davidson County as well as the numerous uses of those revenue dollars. Also included, when applicable, is the legal authorization that permits Metro to collect dollars through the assessment of fees, fines, and permits. The data included reflects the information that has been provided by Metro departments and agencies to the Office of Management and Budget. Please note that not all Metro departments and revenue accounts are included within this manual. This FY15 Version includes fines, fees, permits, penalties, and taxes. The following departments have been excluded:

- Hospital Authority – Metro Nashville General Hospital
- Metro Nashville Public Schools (MNPS)
- Metropolitan Transit Authority (MTA)
- Sports Authority (SA)

We hope this report is useful and provides the information you require regarding the revenues of the Metropolitan Nashville Government.

Introduction

The Metropolitan Government (Metro) is divided into two districts: The General Services District (GSD) and the Urban Services District (USD). The GSD is synonymous with Davidson County; the USD comprises the old City of Nashville plus areas added since Metro was formed in 1963. The GSD receives a base level of services, and its property is taxed at the GSD rate to fund these services. The USD receives more of certain services which are funded by an additional USD rate for those services.

The majority of revenue received is recorded in one of the General Funds: GSD General Fund and USD General Fund. The two General Funds provide for the traditional operating services of the government. These funds receive property and sales taxes, charges for services, fines, penalties, and other revenues.

Property Taxes

The largest single source of operating revenue is the property tax. The property tax is authorized by the State Constitution as an Ad Valorem ("according to the value") tax based upon the market value of the property. This tax is levied based upon the assessed value of various types of property including:

- Real Property (land, structures, and leasehold improvements)
- Personal Property (business equipment, excluding inventories for resale, and
- Public Utility Property (real and personal property owned by utilities and organizations regulated by the State)

The Metropolitan Council sets the property tax rate. The 2015 tax rate for Urban Services District is \$4.52, and the rate for General Services District is \$3.924. Residential property tax is based on the assessed value, which is 25% of the appraised value, and commercial property tax is also based on the assessed value, which is 40% of the total appraised value.

Local Option Sales Taxes

Local option sales tax collections provide the second largest source of operating revenue. Nashville's 9.25% sales tax rate consists of a 2.25% local option tax, and a 7.00% state tax (the total rate is 7.25% on unprepared food because the state rate for such food is 5.00%). The tax rate is levied on all retail sales in Davidson County, although the local portion is limited to the first \$1,600 of the cost of each item.

State law requires at least 1/2 of the local sales tax to be allocated to schools. Metro allocates 2/3 of local sales tax to schools and 1/3 to the general funds.

Other Local Revenues

Licenses and Permits include the Business Tax, Wholesale Beer Tax, Motor Vehicle Regulatory License, Hotel Occupancy Privilege Tax, building permits, and franchise fees.

Charges for Current Services are derived from user fees and charges levied in return for specific services provided by Metro. Among the many fees and charges collected are revenues generated for health services, parking fees, ambulance fees, do registration charges, vehicle emission test charges, fees for the use of parks' facilities, and waste disposal fees. Most of these fees are set by Metro, the Metro Council, or action of oversight boards and commissions.

Fines, Forfeitures, and Penalties are derived from fines, court costs, Sheriff's fees, DUI safety education, litigation taxes, and proceeds from confiscated property. They are collected by the various court clerks, the Sheriff, and the Police Department.

Revenue from the Use of Money or Property includes interest on investments and the rental of Metro-owned land and buildings. Metro investment practices emphasize safety, prudence, and liquidity.

Commissions and Fees from certain officials consist of processing charges for services provided by the clerks of the courts and by the County Register of Deeds. These fees are generally set by Metro or the State.

Section B - Property Taxes

ORDINANCE NO. BL2004-298

An ordinance requiring the Department of Finance every three years to review all fees charged by the Metropolitan Government and to submit a report to the Metropolitan Council.

NOW, THEREFORE, BE IT ENACTED BY THE COUNCIL OF THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY:

SECTION 1. Chapter 5.04 of the Metropolitan Code of Laws shall be and the same is hereby amended by adding the following new Section 5.04.060:

"5.04.060 Review of fees charged by the metropolitan government—Submission of report to the metropolitan council.

A. Beginning January 31, 2005, and once every three years thereafter, the director of finance or his/her designee shall review all permit fees and other fees charged by the metropolitan government and its various departments and agencies and submit a report to the metropolitan council within ninety (90) days.

B. The report to the council required in subsection A. shall include, but not be limited to, the following information for each fee:

1. The current amount of the fee and the total amount generated annually by the fee;
2. The purpose of the fee;
3. Whether the fee covers the cost to the department or agency for providing the service;
4. A comparison of the fee to surrounding counties and cities of a similar size and population; and
5. Any recommendations for increases or adjustments to the fee."

SECTION 2. That this Ordinance shall take effect from and after its passage, the welfare of The Metropolitan Government of Nashville and Davidson County requiring it.
