What is Neighborhood Watch?

An anti-crime program that promotes the culture of neighbors looking out for neighbors; that aid law enforcement in the successful prosecution of criminal offenders, and increases the quality of life for the community.

So, how do I start?

The first step is to discuss interest in organizing with neighbors in your area.

Step two is to begin planning your first neighborhood meeting. The first meeting is a meet and greet informational meeting. Be sure to invite your Police Community Coordinator.

After the first meeting you will need to begin selecting the Neighborhood Watch director and the Block Captains.

Once your neighborhood watch positions are established and the group is organized, you'll need to have an official kickoff event.

You'll want to invite your Metro Council representative, the Mayor's office, the Community Coordinator and the patrol officers assigned to your area. This will give the neighborhood a chance to meet everyone.

How do I keep it going?

1. Have regular scheduled meetings.
2. Keep the communication lines open. Not only with the group, but with law enforcement as well.
3. Schedule fun social events for the group. This will help build and strengthen relationships.
4. Take a break from the TV and On Demand, and spend time getting to know your neighbor.
5. Create a culture of positive solution oriented thinking.

6. Value and respect different points of view.

7. Treat each other with respect and dignity.

8. Utilize community resources.
