Does this page appear out of date? Press the Refresh button or select the Refresh menu item. Or, on your keyboard, try pressing F5. In Microsoft Internet Explorer try F5 or CTRL+R or CTRL+F5. Also, in Microsoft Internet Explorer, you might have pages refresh automatically by going to "Tools," and clicking on "Internet Options." Then, probably under the Browsing History heading, choose the "Settings" option and turn on the option to "Check for Newer Versions of Stored Pages." It's possible that Google Chrome and Firefox automatically do this. I recommend just ditching Internet Explorer and using Chrome.
