

Issue # 253
April 9, 2013

If we all lived in one city...

how much space would it take to hold the world's population? [It depends... on density.](#)

The subways of North America

How a map might look, [if they were only linked.](#)

Three-dimensional printing and the future of cities

3-D printers might enable more small manufacturing, [with considerable social impact.](#)
