

Issue # 266
July 10, 2013

Pretty much the same

[An interactive map of median age by county across the USA](#) shows a very slight increase for Metro Davidson County from 2010 to 2012, and just a little more for most of Middle Tennessee.

Defining livability

A team of researchers from the Santa Fe Institute has developed a [mathematical formula](#) determining some “universal components” which are necessary for a city - or a small town - to succeed.

We had catfish, they have Chia heads

A series of [public art projects](#) in Chicago.
