

# Metro Nashville Planning Digest

A weekly selection of issues and activities relevant to local planning in Nashville and Davidson County, Tennessee

Issue #347  
May 7, 2015

## **Not just for seniors**

AARP has developed [a new livability index](#) which may provide some interesting perspective on the place where you live.

## **Living, breathing infrastructure**

How animals, and even insects, form [a hidden component of cities' infrastructure](#).

## **It's really about habitat**

A recent study in New Zealand shows that [bird feeders may actually be bad for the bird population](#) - and points out the need to preserve habitat in place as cities grow and change.
