Williamson

* Created by the Nashville/Davidson County Planning Department - December 2012

* Disclaimer: This map is subject to change. This map shows organized neighborhoods and subdivisions (which may or may not be organized). Neighborhood boundary information for those neighborhoods where an organized group exists is provided by numerous sources, mainly neighborhood residents. At times, these boundaries may change or people may have differing views as to what represents a certain boundary. To make this map easier to read, some boundary modifications have been made to reduce neighborhood boundary overlap.
