Subject: Thank You

I wanted to send a quick message to show my appreciation for the East Nashville precinct. I moved to Nashville about 3 years ago and have never felt so much support from my police department as I do here.

Several months back I had concerns about the breakins in east nashville. I contacted the local precinct to see if they had any recommendations. He was able to help me make some simple home improvements that, as a single female, make me feel more comfortable in my own house. The officer I spoke with was so helpful that he even came to my house to give me recommendations on areas I could improve to prevent a burglary. I really wish I remember his name but this was several months back and at the time didn't think to send a letter. I believe he was overseeing the break in issue we've had in the area.

In addition, I just recently heard that Officer Nicholas Kulp risked his life while chased an armed murder suspect for almost a half mile, getting injured in the process. His physical ability, sheer determination and couragous efforts are beyond impressive and allows me and my neighbors to sleep safe at night. We are beyond lucky to have him watching out for us. I hope he knows how much we, as a neighborhood, appreciate him going above and beyond to ensure this suspect was caught.

Thank you for all that you and your force do for us.
