Subject: Officer Bacon

Dear Sir or Madam,

Just wanted to drop a note to indicate that Officer Bacon responded to something I found on the street that I believed to be drugs. He was highly professional --he gave me a great feeling about our Nashville

PD. I wanted to pass this information on. I am happy to call someone, too, to convey this information

but I did not want to consume police resources on the phone just to extend a compliment. I did want to

pass on this information about Officer Bacon and his professionalism. I have tremendous respect for the police and what they do for us.
