Subject: Commendation - Officer Assistance

Officer Campbell, Badge No. 1879 risked his own safety on Hwy 40 to assist my wife and I when we were driving into Nashville on Nov. 8, 2011 when we ran over an empty 2 Gal plastic gas container that got wedged under our car.

Officer Campbell had already passed the exit ramp where we exited when he backed up in heavy traffic with his emergency lights flashing and checked to ensure everything was okay. He was also kind enough to lead us to our motel as there was no easy way to get back onto the highway. We are from Texas and do not know our way around your city.

I would have sent this message earlier but was away from home for an extended period.
