### SHAW ROAD TO CLOSE FOR BRIDGE REPLACEMENTS

*Detours Begin July 22nd for 6 Month Closure*

NASHVILLE, TENN. – Metro Nashville Public Works will begin the first of 2 phases of construction to replace 2 bridges on Shaw Road on Monday, July 22. The first phase will be the replacement of the Shaw Road Bridge over Cummings Branch.

The work will require Shaw Road to be closed to through traffic for approximately 6 months, beginning July 22. Detours will be in place as shown below. A detour map is also attached.

The project will bring the Shaw Road bridges up to meet current road design standards. Two 12 foot lanes with 4 foot shoulders will be included in the widening of the Shaw Road bridges. The existing bridges were constructed in the 1930s and 1940s.

Phase 2 of the project will be to replace the Shaw Road Bridge over Shaw Branch.

Message Boards and Police officers will be in place to help provide assistance with the detour routes. Local two-way traffic will have access to their homes within the construction limits on Shaw Road throughout the project.

#### **East to West Detours**

Southbound on Brick Church Pike

From Brick Church Pike turn right onto Old Hickory Boulevard

From Old Hickory Boulevard turn right onto Lickton Pike
