(1) In 2003, governmental activities net assets were restated to reflect the inclusion of net pension assets previously excluded from the financial statements. Also, business activities net assets were restated to reflect the acquisition of a utility district. Prior years were not restated for either item.

(2) Variances in governmental activities unrestricted net asset are primarily due to the Government's historical budget pattern of increasing property tax rates approximately every three years.

(3) The decrease in business-type activities restricted from 2004 to 2005 resulted from the expenditure of funds previously restricted for construction.
