

GENERAL SERVICES MISSION STATEMENT

The mission of the Department of General Services is to provide sustainable facility and fleet operations, radio communications, employee security, shared business, and customer assistance products to government agencies, Metro employees, and the Nashville community so they can meet their goals.

STRATEGIC GOALS

Goal One By July 2011, the customer will experience improved customer satisfaction as evidenced by:

90% customers satisfaction.

Goal Two By July 2011, General Services' employees will experience improved job satisfaction and performance as evidenced by:

95% employee satisfaction

Goal Three By the year 2011, the Nashville community will experience improved environmental sustainability as evidenced by:

% increase in fleet acquisition of alternative fuel capable vehicles/equipment

% increase in fleet miles per gallon by vehicle class

% annual building operations expenditures specifically for energy savings upgrades

% of design and construction projects incorporating green building practices

% decrease in new toner cartridges purchased in Metro

LINES OF BUSINESS

Security Line of Business

The purpose of the security line of business is to provide facility and parking access, security systems, and employee identification products to Metro employees in General Services' managed facilities so they can park and work in a secure environment.

- % of General Services managed facilities meeting security standards
- % of parking permit holders without reported incident
- % of successful authorized entries

Fleet Operations Line of Business

The purpose of the fleet operations line of business is to provide vehicle/equipment inspection and repair, roadside assistance and fuel products, and fleet asset management products to Metro agencies so they can have reliable vehicles/equipment to meet their program goals.

- % change in vehicle/equipment availability
- % of customers who were able to access fuel as needed
- % of vehicles meeting utilization standards established by OFM

Radio Communication and Equipment Line of Business

The purpose of the radio communication and equipment line of business is to provide installation, repair and infrastructure products to radio system users so they can have reliable functional equipment.

- % of time the radio system is available to end-users

Building Operations Support Services Line of Business

The purpose of the building operations support services line of business is to provide facility maintenance, grounds maintenance, environmental services, design and construction services, and ADA compliance products to Metro agencies so they can conduct business in clean, comfortable, and accessible facilities.

- % of annual expenditures specifically for energy savings upgrades (Key)
- % of projects closed within the reporting period that are compliant with the ADA
- % of design and construction projects incorporating green building practices for utilities

SECURITY LINE OF BUSINESS

LINE OF BUSINESS PURPOSE STATEMENT

The purpose of the security line of business is to provide facility and parking access, security systems, and employee identification products to Metro employees in General Services' managed facilities so they can park and work in a secure environment.

PROGRAM NAME

EMPLOYEE AND PROPERTY SECURITY

PROGRAM PURPOSE STATEMENT

The purpose of the employee and property security program is to provide security products to Metro employees working in General Services' managed facilities so they can conduct business in an environment that meets security standards.

FAMILY OF MEASURES: RESULT MEASURE(S)

% of time General Services managed facilities meet security standards.

FAMILY OF MEASURES: OUTPUT MEASURE(S)

of security inspections provided for General Services' managed facilities.

FAMILY OF MEASURES: DEMAND MEASURE(S)

of security inspections for General Services' managed facilities anticipated.

SECURITY LINE OF BUSINESS

LINE OF BUSINESS PURPOSE STATEMENT

The purpose of the security line of business is to provide facility and parking access, security systems, and employee identification products to Metro employees in General Services' managed facilities so they can park and work in a secure environment.

PROGRAM NAME

EMPLOYEE PARKING

PROGRAM PURPOSE STATEMENT

The purpose of the employee parking program is to provide parking products to Metro employees with access to General Services' parking facilities so they can experience safe and secure parking.

FAMILY OF MEASURES: RESULT MEASURE(S)

% of workdays without reported incident

FAMILY OF MEASURES: OUTPUT MEASURE(S)

of parking permits provided

FAMILY OF MEASURES: DEMAND MEASURE(S)

of parking permits anticipated to be requested

SECURITY LINE OF BUSINESS

LINE OF BUSINESS PURPOSE STATEMENT

The purpose of the security line of business is to provide facility and parking access, security systems, and employee identification products to Metro employees in General Services' managed facilities so they can park and work in a secure environment.

PROGRAM NAME

SECURITY ACCESS

PROGRAM PURPOSE STATEMENT

The purpose of the facility access program is to provide facility access products to Metro employees so they can have appropriate and timely access to General Services' managed facilities.

FAMILY OF MEASURES: RESULT MEASURE(S)

% of successful authorized entries

FAMILY OF MEASURES: OUTPUT MEASURE(S)

of access cards issued

FAMILY OF MEASURES: DEMAND MEASURE(S)

of access cards anticipated to be requested

SECURITY LINE OF BUSINESS

SECURITY PRODUCTS

EMPLOYEE AND PROPERTY SAFETY

Security Inspections *Key Product
Property protection system installations
Property protection system repairs
Emergency and Safety handbooks
Post order instructions
Evacuation plans
Security screenings

Infra-red sensors
Incident reports
Door magnets
Push button releases

FLEET OPERATIONS LINE OF BUSINESS

LINE OF BUSINESS PURPOSE STATEMENT

The purpose of the fleet operations line of business is to provide vehicle/equipment inspection and repair, roadside assistance and fuel products, and fleet asset management products to Metro agencies so they can have reliable vehicles/equipment to meet their program goals.

PROGRAM NAME

VEHICLE AND EQUIPMENT REPAIR PROGRAM

PROGRAM PURPOSE STATEMENT

The purpose of the vehicle and equipment repair program is to provide vehicle inspection, maintenance, repair, and roadside assistance products to Metro agencies so they can have available and reliable vehicles and equipment to meet their program goals.

FAMILY OF MEASURES: RESULT MEASURE(S)

% change in vehicle/equipment availability (Key)

FAMILY OF MEASURES: OUTPUT MEASURE(S)

of vehicle/equipment repairs completed

FAMILY OF MEASURES: DEMAND MEASURE(S)

of vehicle/equipment repairs anticipated

FLEET OPERATIONS LINE OF BUSINESS

LINE OF BUSINESS PURPOSE STATEMENT

The purpose of the fleet operations line of business is to provide vehicle/equipment inspection and repair, roadside assistance and fuel products, and fleet asset management products to Metro agencies so they can have reliable vehicles/equipment to meet their program goals.

PROGRAM NAME

FUEL SUPPLY PROGRAM

PROGRAM PURPOSE STATEMENT

The purpose of the fuel supply program is to provide clean, operable, and environmentally compliant fueling site products to Metro employees so they can acquire fuel as needed.

FAMILY OF MEASURES: RESULT MEASURE(S)

% of customers who were able to acquire fuel as needed (Key)
% of fuel transactions via commercial fuel card

FAMILY OF MEASURES: OUTPUT MEASURE(S)

of gallons of gasoline from commercial vendor fuel sites
of gallons of gasoline from Metro fuel sites
of gallons of diesel from commercial vendor fuel sites
of gallons of diesel from Metro fuel sites

FAMILY OF MEASURES: DEMAND MEASURE(S)

of gallons of gasoline forecast to be purchased from commercial vendor fuel sites
of gallons of gasoline forecast to be purchased from Metro fuel sites
of gallons of diesel forecast to be purchased from commercial vendor fuel sites
of gallons of diesel forecast to be purchased from Metro fuel sites

FLEET OPERATIONS LINE OF BUSINESS

LINE OF BUSINESS PURPOSE STATEMENT

The purpose of the fleet operations line of business is to provide vehicle/equipment inspection and repair, roadside assistance and fuel products, and fleet asset management products to Metro agencies so they can have reliable vehicles/equipment to meet their program goals.

PROGRAM NAME

FLEET ASSET MANAGEMENT PROGRAM

PROGRAM PURPOSE STATEMENT

The purpose of the fleet asset management program is to provide vehicle/equipment acquisition, utilization, and disposal services which minimize life-cycle costs to ensure Metro agencies have reliable vehicles/equipment to meet their program goals.

FAMILY OF MEASURES: RESULT MEASURE(S)

% of vehicles meeting utilization standards established by OFM (Key)
% of vehicles/equipment in inventory replaced

FAMILY OF MEASURES: OUTPUT MEASURE(S)

of vehicles/equipment acquired
of alternative fuel capable vehicles/equipment acquired

FAMILY OF MEASURES: DEMAND MEASURE(S)

of vehicles/equipment scheduled to be purchased
of alternative fuel capable vehicles/equipment requested

FLEET OPERATIONS LINE OF BUSINESS

FLEET OPERATIONS PRODUCTS

VEHICLE AND EQUIPMENT REPAIR

- Light Vehicle Repairs
- Heavy Vehicle/Equipment Repairs
- Grounds Vehicle/Equipment Repairs
- All Other – Training Opportunities
 - ASE & EVT Tutoring
 - External Training
 - Supplier Parts Training
 - Equipment & Safety Training
- Vehicle acquisitions
- Vehicle /Equipment Recovery (tow service) Training

FUEL SUPPLY

- Fuel
- Fuel cards/keys
- Fuel sites & delivery systems
- Fuel system training

FLEET ASSET MANAGEMENT

- Vehicle/equipment acquisitions
- Vehicle/equipment life-cycle tracking
- Vehicle/equipment disposals
- Fleet system training
- Fleet policies

RADIO COMMUNICATIONS LINE OF BUSINESS

LINE OF BUSINESS PURPOSE STATEMENT

The purpose of the radio communication and equipment line of business is to provide installation, repair and infrastructure products to radio system users so they can have reliable functional equipment.

PROGRAM NAME

RADIO SYSTEM INFRASTRUCTURE

PROGRAM PURPOSE STATEMENT

The purpose of the radio system infrastructure program is to provide infrastructure and fixed radio repair and support products to Metro radio system users so they can have reliable radio system communications across the service area.

FAMILY OF MEASURES: RESULT MEASURE(S)

% of time the radio system is available to end-users

FAMILY OF MEASURES: OUTPUT MEASURE(S)

of scheduled/preventative radio system maintenance sessions completed (Key Result)
of unscheduled/corrective radio system equipment repairs provided

FAMILY OF MEASURES: DEMAND MEASURE(S)

of scheduled/preventative radio system maintenance sessions required
of unscheduled/corrective radio system equipment repairs demanded

RADIO COMMUNICATIONS LINE OF BUSINESS

LINE OF BUSINESS PURPOSE STATEMENT

The purpose of the radio communication and equipment line of business is to provide installation, repair and infrastructure products to radio system users so they can have reliable functional equipment.

PROGRAM NAME

RADIO AND PUBLIC SAFETY EQUIPMENT

PROGRAM PURPOSE STATEMENT

The purpose of the radio and public safety equipment program is to provide installation, maintenance, and repair products to federal, state and local government agencies so they can have reliable and functional radio equipment.

FAMILY OF MEASURES: RESULT MEASURE(S)

% of repaired radio equipment that is not returned for the same repairs within 30 days

FAMILY OF MEASURES: OUTPUT MEASURE(S)

of radio issuances and installations provided (Key Result)

of radio equipment repairs provided

FAMILY OF MEASURES: DEMAND MEASURE(S)

of radio issuances and installations demanded

of radio equipment repairs demanded
