FINAL PLAT APPLICATIONS

As the owner(s) of this property, I (we) understand:

- **One** contact person must be designated by me (us) to correspond with the planner who will be reviewing my subdivision. The contact person is:

- If I (we) plan to record the final subdivision plat without first constructing the required infrastructure (including roads, water and sewer line extensions), then I (we) must provide a bond for those improvements.
- A bond application must be submitted with the required fee of \$285 **at least five (5) weeks** prior to when I (we) intend to record the final plat.
- The bond review and approval process is subject to receiving estimates from Metro departments and outside utilities.
- Bond amounts are calculated after all construction plans have been approved and plat revisions have been made by your surveyor to the satisfaction of the reviewing agencies.
- The Metro Legal Dept. will review the performance agreement (PA) and security only after the Planning Dept. has received a signed PA and the original security (no faxes, no scanned images).
- The Metro Legal Dept. review may take several weeks to complete its review, excluding time involved in relaying documents to/from the Planning Dept.

I have reviewed this application and the associated SUBDIVISION SUBMITTAL CHECKLIST fully, and believe, I have complied with all the requested submittal items. I acknowledge that plans or documents missing any of the requested information may be deemed incomplete and not accepted for project review. Further, I understand that additional information or clarification may be requested during the review process or prior to application approval. And for any final plat where public improvements are required, I understand that until I make all the requested plat revisions to the satisfaction of the reviewing agencies, bond amounts cannot be calculated, and thus, the plat cannot be recorded.

I also understand that the Metro Planning Dept. will send the recorded plat to a printer to make 11 copies which are to be folded and delivered by the printer to the Planning Dept. The dept. will then distribute these copies to other agencies. The printer will call me directly to come and pick-up the mylar. The estimated cost for this service is \$20 for a 1-page plat, and I understand as the surveyor, I am fully responsible for paying the printer.

Final Plat for recordation

✓, if completed

- _____ ① **PLAT RECORDING CHECKLIST:** Get a copy on-line of the "Plat Recording Checklist" and make sure plat has all the items listed. Checklist represents common items missing from plats that are brought in to be recorded.

🔗 "Plat Recording Checklist" on-line at <http://www.nashville.gov/mpc/applic.htm>
- _____ ② **MYLAR:** Submit final subdivision plat on mylar, vellum or comparable material. Plat should have signatures of *all* property owners (husband and wife, family members, etc.) that are listed on the current deed recorded with the Davidson County Register of Deeds. If ownership has changed between when the plat was originally reviewed by staff and now - - at time of plat recordation, provide current recorded deed bearing the Davidson County Register of Deeds instrument number on face of deed with mylar.
- _____ ③ **RECORDING FEE:** Submit a separate check with mylar with recording fee shown on page 1 of this application (no credit card; cash is no longer accepted by the Metro Planning Department). Planning staff is unable to issue a receipt for recording fees received because money goes to the Register of Deeds, not the Planning Department. (**Note:** Checks must not be older than 90 days to be accepted by Register of Deeds. If check is older, you may be asked by staff to write a new check. Your older dated check will be returned to you).
- _____ ④ **DIGITAL COPY:** Provide copy of final plat on a CD (no floppy disks, no pdfs) registered to the TN State Plane Coordinate System, North American Datum 1983 (NAD83). Put data in separate layers and label them for easy identification. Plat will not be recorded without a CD. Staff will verify if CD is registered to TN State Plane Coordinate System **before** recording plat.
- _____ ⑤ **PLAT COPYING (OUTSIDE FEE):** Metro Planning sends the mylar, after the plat is recorded, to a printer to make 11 copies and to fold and deliver those copies back to the Metro Planning Dept. The paper copy is distributed by Metro Planning to various agencies. The printer calls the surveyor to pick-up the actual mylar after copying has been completed. The surveyor is responsible for paying the printer for copying, folding, and delivering the recorded plat to Metro. The approximate cost for a 1 page plat is \$20.00. The surveyor is fully responsible for paying this fee.
