What will happen at the “Visioning Workshop”?

Thank you for attending the South Nashville Community Plan Update Kick Off. Metro Planners count on your input to create community plans – we take community input and apply our planning expertise to create plans that honor the community’s vision while accommodating future growth in a way that helps the community grow in a sustainable fashion. The next step in the process is the Visioning Workshop.

When & Where

Visioning Workshop for South Nashville

Tuesday, April 10th 2007

6:00 – 8:00 p.m.

Location – Knowles Senior Center

<http://www.nashville.gov/mpc/subarea11.htm>

Goals of the Visioning Workshop

Engage community members – residents, business owners/operators, institutional representatives and developers – to discern their vision for future growth and development in the community.

Process at the Visioning Workshop

- Brief Presentation – Overview of the evening’s activities and what to expect at the next meeting.
- Appearance Preference Survey – This survey asks participants to respond to a series of slides concerning design to get a feel for which design elements are appealing to the community.
- Break Out Groups – Attendees will divide into groups around maps of the Study Area. Metro Planning Staff will lead a conversation asking three questions,
 - What do you like about your community?
 - What do you dislike about your community?
 - What would you like to see change in the future?

Staff will both mark the changes on the map and take notes on the conversation.

What will happen after the Visioning Workshop? The Structure Plan Workshops

Staff will use the comments from the Visioning Workshop to prepare for the Structure Plan Workshop. At the Structure Plan Workshop, Metro Planners will work with the community to begin to create the *Draft Structure Plan* which includes both land use policy and infrastructure recommendations.
