

Notice of Intersection Improvements

On August 16, 2010, the Metro Department of Public Works plans to begin work on improvements to the intersection of Bell Road and Cane Ridge Road.

The improvements include modifications to the pedestrian facilities and installation of new poles and advance overhead signs. The work zone will primarily be limited to the intersection areas. Some temporary lane closures can be expected.

In general, working hours will be from 9 a.m. to 3 p.m. on weekdays; some work may occur on weekends and at night between the hours of 9 p.m. and 5 a.m. to minimize disruptions. Depending on weather, estimated completion of the project is September 2010.

For more information please call Customer Service at (615) 862-8750.
