## **Public Works, Earthsavers Look to Add More GSD Curbside Subscribers**

Following the success of a pilot curbside program in Bellevue, Metro and Earthsavers, LLC are ready to begin offering recycling subscription services in more General Services District neighborhoods of Nashville.

For as little as \$10 a month and the one-time cost of a 96-gallon cart, Davidson County residents who are not eligible for Metro's Curby program can sign up to receive monthly curbside pickup of paper, cardboard, all plastics Nos. 1-7, aluminum and metal cans, and glass. Back-door collection and more frequent pickups are also available for slightly higher fees.

Service is immediately available for GSD residents in the 37027 zip code of Brentwood. Antioch/Cane Ridge residents in the 37013 zip code, the 37076 zip code in Hermitage, and the 37138 zip code in Old Hickory can be added as soon as enough homes have joined the waiting list.

Go to [www.recyclenashville.com](http://www.recyclenashville.com) to sign up.
