

## Water Quality BMP Maintenance Companies

The following is a list of companies that will maintain post-construction water quality Best Management Practices (BMPs) such as underground detention units and stormwater ponds. Each company has advised NPDES that it will submit maintenance work documentation forms to Metro Water Services upon request and will quantify the material removed from each of the BMPs maintained.

This list is for your convenience only and is not a recommendation or endorsement by the Metropolitan Government of the services these companies provide nor is it an exclusive list of companies that offer BMP maintenance services in Metro Nashville.

If you would like your company to be added to this list, please contact: Rebecca Dohn @ (615) 880-2420 or at [rebecca.dohn@nashville.gov](mailto:rebecca.dohn@nashville.gov).

Company	Contact Person	Phone Number	Type of BMP Maintenance
Civil Constructors Inc.	Jim Field	615-236-9000	ponds
