

Fee Schedule

Water and/Sewer Availability Study Fee - \$500 per request

Capacity Fees:

Water - \$250 per unit flow*

Sewer - \$750 per unit flow*

* one unit of flow = 350 gallons per day usage = one equivalent single family unit

A minimum of 30 percent of the capacity fees due must be paid within 90 days of the date of the capacity fee letter to reserve capacity. This payment reserves capacity for one year from the date of the availability letter.
