

Week Ending August 27, 2021

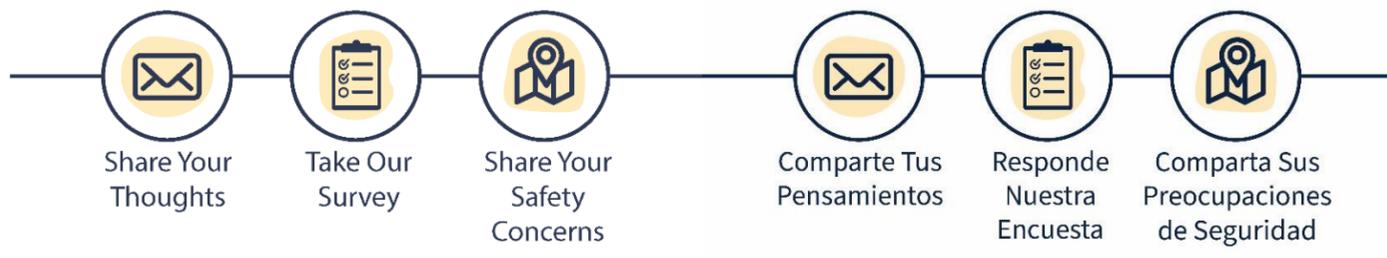

The Nashville Department of Transportation & Multimodal Infrastructure develops and maintains a transportation network that offers choice and connects neighborhoods, residents, and businesses to the places they need and want to go in a safe and efficient manner.

Vision Zero Public Survey

A community-wide survey is underway to gather ideas from Nashvillians as the city works to eliminate traffic and pedestrian deaths. The Vision Zero community survey takes five minutes or less to complete **and is now available in Spanish**. To participate, go to VisionZero.Nashville.gov.

Human Resources & Hiring Updates

Initial FY'22 Vacancies: 42

Current FY'22 Vacancies: 23

***Week of August 23:**

- Hired two (2) Engineers in Training, one will begin work at NDOT on 9/6/21 and the other on 9/20/21

Week of August 16:

- Hired one (1) Administrative Services Division Mgr. – Planning who will begin work at NDOT on 8/23/21
- Hired two (2) Equipment Operator Seniors who will begin work at NDOT on 8/23/21

Week of August 9:

- Hired one (1) Equipment Operator who will begin work at NDOT on 8/23/21

Week of August 2:

- Hired one (1) Equipment Operators who will begin work at NDOT on 8/9/21

Traffic Calming

[Metro Neighborhood Traffic Calming Program](#)

Meetings Scheduled (Week of August 30th)

- Bellshire Terrace Kick-off Meeting – 6:00 PM on August 31st
- Haywood Heights Kick-off Meeting – 6:00 PM on September 2nd
- McFerrin Park Kick-off Meeting – 6:30 PM on September 2nd

Radar Speed Trailer Locations (Week of August 30th)

- Rains Avenue
- Baptist World Center Drive
- Benton Avenue
- Valley Brook Road
- Country Way Road

Paving

Notice of milling and paving on a Metro roadway is required to be handled by the contractor via door hanger or mailing prior to the commencement of the project. Additional notification is required to be presented to the homeowner if a construction sign is going to be placed on their property. Report any violations directly to [hubNashville](#).

- [2021 NDOT Paving Projects](#)

Capital Projects

Public Works Capital Projects

Madison Station Blvd Project

Rain delayed earth work this early this week. The final pedestrian crosswalks near the roundabout are being poured this week. Remaining concrete pours have been delayed since Monday due to weather and standing ground water. Conduit is being installed near Hardees as well as near the Madison Library. The new electrical switch panel near the library has been installed. Drilling, rebar installation, and concrete formwork for light pole foundations continues and NES is conducting inspections these locations. AT&T installed a new utility pole near the library and is completing utility relocations. Excavation and embanking continues adjacent to Hardee's. Hardee's temporary driveway has been opened to the public. Existing pavement and concrete is being removed from the old Hardees entrance for the installation of the roadway base.

North Nashville - Capital Bikeways Project

Work accomplished 8/21/14 – 8/27/21:

- No work this week.

Two-Week look ahead as weather allows:

- PRI to begin MMA installation on 28th Ave N as weather allows as high temperatures and high humidity cause curing issues.
- We do not have a schedule for Special Operations to begin milling on Monroe St at this time.

Sidewalk Café/Outdoor Dining Permit

Reminder: Metro Codes, in coordination with other Metro departments, is facilitating the sidewalk cafe/outdoor dining permit. Businesses all around Nashville can apply for this permit to expand their outdoor dining space. Information about the permit, and how to begin the application can be found on NDOT's permits page: <https://www.nashville.gov/departments/transportation/permits>.

Neighborhood Clean-Ups

Help Keep Nashville Beautiful by organizing a clean-up or planting project in your neighborhood. Learn about how to [organize a cleanup](#) or where you can borrow tools free of charge from [Nashville's Tool Share](#) program!

Clean-ups scheduled for this weekend:

- District 30 Beautification Commission & Council Member Sandra Sepulveda- Linbar Road

Adopt-A-Street Program

Metro Beautification's Adopt-a-Street program is a great and inexpensive way that churches, businesses, neighborhood groups or individuals can help to keep Nashville beautiful. To learn more about the program or to Adopt-A-Street visit our website, AdoptAStreet.Nashville.gov.

Litter

2.06 tons collected over 27.9 miles

Projects Underway the Week of 8/30/2021 – 09/03/2021

KEY	
Casting Adjustments	Adjustment (lowering) of utilities to allow milling machines to traverse the roadway without damaging utility assets. Re-adjustment (raising) of utilities so that they will again be flush with the new surface that will be applied.
Milling/Undercutting	Removal (milling) of old surface using a milling machine. All milled surfaces must be cleaned by the milling contractor and marked appropriately to safely direct traffic. During undercutting the old surface that has failed is cut out and new material is put back in before it is resurfaced.
Infrared	A technique where infrared heating systems apply heat to pavement surfaces and aid in the removal of existing material and replacement with new asphalt mixture.
Signal Loop Wires	Signal Loop Wires are installed under the pavement. They are used to detect vehicles passing or arriving at a traffic light.
Crack Seal	A sealant put into the construction joint to keep water out so the road will not depreciate.
Fog Seal	A sealing put on the road to give the road an extended period before it gets paved.

Grants & Partnerships Updates

FUNDING	PROJECT TITLE	GRANTOR/PARTNERSHIP	PROJECT COST	REQUESTED FUNDS	LOCAL MATCH	DESCRIPTION	STATUS	TIP
2016 CMAQ	TDM Phase 1	FHWA	\$1,497,800	\$1,204,240	\$ 293,560	A program to reduce congestion and contribute to the exceedance of air quality standards by supporting and promoting the use of transportation options other than single occupancy vehicles	Awarded	TIP Project #2017-19-026
2019 CMAQ	TDM Phase 2	FHWA	\$1,769,494	\$1,415,595	\$353,899	Funding to maintain our established transportation demand management program and coordinate efforts in the region, using proven TDM strategies to reduce congestion with a goal of improving air quality.	Awarded	TIP Project #2020-19-109

2019 CMAQ	West End Avenue/ Broadway Communication Upgrade	FHWA	\$3,053,780	\$2,953,100	\$100,680	This project consists of approximately 29 existing traffic signals which are operating as either isolated signals or on wireless / copper communications. Additionally, the primary means of detection on the side-streets are through loops. It is proposed to improve the vehicle detection to radar detection for more reliability. This CMAQ project will build on the current I-440 rebuild to more efficiently and effectively manage vehicle operations. After the installation of the communication and detection, a corridor retiming and optimization of the traffic signals will be conducted.	Awarded	TIP Project #2020-17-110
ATCMTD 2020	Charlotte Ave/ Dr. Martin L. King, Jr Blvd Transit Headways and Congestion Management	USDOT, FHWA	\$3,000,000	\$1,500,000	\$500,000	Connected Transit Vehicle Technology, Transit Signal Priority, Congestion Management Technology, Fleet headway management software, Real-time bus occupancy data, Connected Vehicle-to-Infrastructure Intersection Upgrades.\$1,000,000 committed from state.	Awarded	
2021 UTPG	Planning of Metro Nashville's Downtown Neighborhood Traffic Project	TDOT	\$1,000,000	\$ 200,000	\$400,000	Planning of the Downtown Neighborhood Traffic Project. The project will address curbside management and transit needs throughout downtown. WeGo - \$350,000 and Downtown Nashville Partnership - \$50,000.	Awarded	

U-STBG	Various intersection improvements (FAUB routes)	GNRC	\$1,962,250	\$1,569,800	\$392,450	Construct/install safety improvements at up to 50 signalized intersections within the Federal Aid Urban Boundary (FAUB). Improvements include signal improvements, markings, guardrail, etc.	Awarded	TIP Project #2008-14-030
U-STBG	Jefferson Street Intersections Improvements	GNRC	\$2,370,000	\$1,680,000	\$690,000	NDOT, in coordination with the Tennessee Department of Transportation (TDOT) and Metro Planning, will work to design and construct intersection capacity improvements and operation upgrades at 21st Avenue North and 28th Avenue North at Jefferson Street. Elements of the upgrades will include additional right turn lanes, decorative pedestrian and traffic signals, improved crosswalks and striping. Public Works is currently studying the feasibility of a roundabout as an alternate design at 28th which is also in the conceptual stage.	Awarded	TIP Project #2004-005
U-STBG	Harding Place Sidewalk Enhancement	GNRC	\$3,500,000	\$2,800,000	\$700,000	Construction of new sidewalk on south side of Harding PI from I-65 to I-24 in Nashville.	Awarded	TIP Project #2011-16-092
U-STBG	Complete Streets Implementation on BRT Lite Corridors - Gallatin Pike	GNRC	\$6,430,080	\$ 5,144,064	\$1,186,000	Implementation of Complete Streets elements along the Gallatin Pike BRT lite corridor in Nashville. Work elements may include a multi-use path, strategic pedestrian connections, improved signalized intersections with crosswalks and pedestrian countdown timers,	Awarded	TIP Project #2014-111-026

						reconfigured or repositioned transit stations, enhanced transit station amenities, bike lockers and benches. Project must be designed in coordination with a steering committee comprised, at a minimum, of representatives from Metro Planning, Nashville MTA, and the MPO.		
U-STBG	Complete Streets Implementation on BRT Lite Corridors - Murfreesboro Pike	GNRC	\$3,987,500	\$3,190,000	\$797,500	Implementation of complete streets elements along the Murfreesboro Pike BRT Lite Corridor in Nashville. Work elements may include a multi-use path, strategic pedestrian connections, improved signalized intersections with crosswalks and pedestrian countdown timers, reconfigured or repositioned transit stations, enhanced transit station amenities, bike lockers, and benches. Project must be designed in coordination with a steering committee comprised, at minimum, of representatives from Metro Nashville Planning, Nashville MTA, the Nashville Area MPO, and TDOT.	Awarded	TIP Project #2014-111-027
U-STBG	Dickerson Pike Sidewalk Improvements	GNRC	\$3,400,000	\$2,720,000	\$680,000	Construct a sidewalk, green zone, and pedestrian enhancements along the east side of Dickerson Pike.	Awarded	TIP Project #2014-16-003
U-STBG	Lebanon Pike Sidewalk Improvements	GNRC	\$3,100,000	\$2,480,000	\$620,000	Construct a sidewalk, green zone, and pedestrian enhancements along the north side of Lebanon Pike.	Awarded	TIP Project #2014-16-002

U-STBG	East Nashville Backbones	GNRC	\$1,614,375	\$1,291,500	\$322,875	This project consists of major separated bike lanes including the installation of necessary pavement markings, signs, and delineators on both sides of the following road segments: Union Street from 2nd Avenue North to 1st Avenue North, Woodland Street from 1st Avenue North to South 11th Street, South 5th Street from Woodland Street to Davidson Street, South 10th Street from Woodland Street to Sevier Street	Awarded	TIP Project #2018-16-070
U-STBG	Pedestrian Signal Priorities	GNRC	\$1,650,000	\$1,320,000	\$330,000	The purpose of Pedestrian Signal Priorities is to swiftly install pedestrian facilities and signalization at 10 of the most dangerous intersections throughout Davidson County.	Awarded	TIP Project #2018-111-075
U-STBG	Active Neighborhoods Program	GNRC	\$474,796	\$379,837	\$94,959	The Active Neighborhoods Program is an outreach and education program to expand walking, biking and transit access to broader audiences within Nashville-Davidson County.	Awarded	TIP Project #2018-19-076
STATE	Nolensville Pike (SR-11/US41A) and McNally Drive Intersection Improvements	TDOT	\$980,006	\$931,005	\$49,001	This project will construct intersection improvements along Nolensville Pike (SR-11/US41A) at McNally Drive and Natchez Court that were identified in Envision Nolensville as critical to improving pedestrian access and safety along the growing corridor. Project elements include	Awarded	TIP Project #2019-14-086

						pedestrian crossing improvements (signage, signalization, lighting and crosswalks), the connection of bus stops to existing sidewalks, and bus shelters, a concrete pad, and ADA boarding pad.		
2021 INFRA	Jefferson Street Multimodal Cap and Connector	USDOT	\$120,000,000	\$72,000,000	\$ 48,000,000	The Cap will improve mobility, access, and safety for goods and people while simultaneously beginning to heal North Nashville that was deliberately bifurcated by the development of the Interstate Program in the 1960s	Not Awarded - community led design August 2021 - January 2022, congressional earmark pending for \$5M NEPA, etc, Planned submission for INFRA March 2022	
2021 CMAQ	Traffic Control Center- TMC	FHWA	\$3,655,000	\$3,655,000	\$ -	Implementation of a modern fully-functional Transportation Management Center (TMC) which will be housed in the Metro Howard Office Building (HOB) located at 700 2nd Avenue S, Nashville, TN 37210. Metro Nashville is requesting enough funding to cover three years of active operational staff for the management, operation, and maintenance of the TMC. The operational funding is expected to cover nine full time positions in the TMC consisting of engineers, operators, and technicians.	Pending	

2021 RAISE	A Strategic Community Connections & Infrastructure Plan - North Nashville	USDOT	\$2,508,171	\$2,006,537	\$ 501,634	The Department of Transportation and Multimodal Infrastructure (NDOT), proposes to conduct a people- and data-centered approach to design, implement and refine tactical urbanism projects and plan for permanent infrastructure with significant community engagement in North Nashville. If awarded, Metro will implement a community-centered, evidence-based, agile methodology to plan, test, iterate and evaluate community-scale infrastructure projects that will most effectively and cost-efficiently increase community prosperity and spatial equity. Builds out Equity By Design framework for application throughout Metro.	Pending	
2021 RAISE	Strategic Plan for School Bus Electrification - MNPS led/Metro supporting	USDOT	\$1,000,000	\$800,000	\$66,667	Development of a master plan for school bus electrification. In partnership with MNPS and NES. \$66,667 provided by all three for the remaining \$200,000.	Pending	
	Sadler Ave Bridge		\$8,000,000			\$6.4 M TDOT, \$1.6 M CSX	Awarded	
HIP/CCRSA	Safety Improvements	GNRC	\$1,145,000	\$1,145,000	\$ -	The frequency and severity of pedestrian crashes at the following locations are among the highest in Nashville: Dickerson Pike & Hart Lane, Dickerson Pike & Lucile Street, Rosa L Parks Blvd & Hume Street, Rosa L Parks Blvd & Taylor Street. The Nashville Department of	Pending	

						Transportation (NDOT) proposes to install the most effective infrastructure to reduce pedestrian crashes, including pedestrian hybrid beacons, new pedestrian crosswalks, pedestrian signals, bulb outs, street lights, ADA compliant curb ramps and highly visible and reflective crosswalks at these four intersections.		
2022 INFRA	Jefferson Street Cap	USDOT				The Cap will improve mobility, access, and safety for goods and people while simultaneously beginning to heal North Nashville that was deliberately bifurcated by the development of the Interstate Program in the 1960s	Planned	
Multimodal Access Grant - MMAG		TDOT					Planned	
Small Starts - FTA	Murfreesboro Pike BRT	FTA				The project will originate at the Hickory Hollow commercial center in Antioch and will generally operate along Bell Road and Murfreesboro Pike to Downtown Nashville, terminating at the SoBro Transit Hub at 4th Avenue South and Ash Street. It will connect with Nashville International Airport, Thomps on Lane, and Downtown Nashville south of Broadway (SoBro). It will follow existing MTA 55- Murfreesboro Pike bus route, but will terminate at the SoBro Transit Hub instead of WeGo Central. Buses running	Planned	

						in majority dedicated lanes with iconic stations, off-board fare collection, platform level boarding, high-capacity buses, and fast and frequent operations. Project cost also includes significant roadway, safety, traffic management/IT S, pedestrian crossing, and sidewalk improvements.		
	Vision Zero Implementation						Planned	
	WalknBike Plan Update Implementation						Planned	
	Gallatin Sustainability Smart Corridor					The Gallatin Sustainability Corridor will leverage all sustainability activities deployed in the corridor including transit, bike and pedestrian improvements, solar, native plantings and landscaping, stormwater runoff management, potential cool street pavement and other technologies to demonstrate sustainability practice and value.	Planned	
TDOT Research Funds	Metro Digital Twin (Inner Loop Coordination)	TDOT					Planned	
TAP Grant	Transportation Alternatives Program	TDOT					Planned	
	Wedgewood Avenue Extension	TDOT	\$ 10,057,735	\$ 5,000,000	\$ -	Comprehensive improvements to Wedgewood Avenue as well as spot improvements at area intersections will be needed to facilitate multi-modal access to the site. Given the unique considerations of bridge construction, we are specifically requesting	Awarded	

						TDOT's funding participation for a bridge over Brown's Creek and the associated extension of Wedgewood Avenue through the site. This short roadway extension and bridge will result in the important connection between SR 6 (8th Avenue South), the 1-65 interchange, the fairgrounds site, and SR 11 (Nolensville Road). \$5 M TDOT, 110 M total
