

# **AUTOMOTIVE SERVICE CHARGES**

**BRIDGESTONE AMERICAS TIRE OPERATIONS**

**Effective 9/1/2018 Supersedes All Other Catalogs**

# Important Program Information and Contacts

The Firestone National Account program is available through all BSRO company owned service centers including Firestone Complete Auto Care, Tires Plus and Wheel Works locations. The program is also available through many independent dealers who participate in the Bridgestone Affiliated Retailer Nationwide Network program.

Service centers should follow the below check list when completing a Firestone National Account transaction:

1. Secure all necessary information from the driver and vehicle
2. Inspect the vehicle per request and provide detailed information for all requested work
3. Call for authorization and to obtain P.O. or work authorization as instructed
4. Keep the driver informed as well as their fleet manager
5. Be sure to include all necessary driver, vehicle and requirement details when submitting a transaction

# **SPECIAL INSTRUCTIONS**

Specific article numbers have been assigned for parts and labor. It is essential that the correct article numbers be entered for accurate information collection. Only then can this information be used for the management of your store's service business and the planning of future company service programs.

## **ARTICLE NUMBERS—SERVICES NOT LISTED**

The assigned article numbers in this book represent over 99% of our total service sales. For any services performed that are not listed refer to the article numbers outlined below. All parts must be priced out and labor will be Flat Rate priced. Approval of the National Account must be obtained. \*NOTE: Do not use these numbers without first checking the appropriate pages for the service being performed.

Dept.	Description	Parts	Labor
203	Auto Supplies	<b>18872</b>	<b>41807</b>
251	Misc. Under-Hood	<b>18228</b>	<b>42439</b>
252	Misc. Under-Car Steel	<b>17833</b>	<b>41769</b>
273	Wheels	<b>17868</b>	—
275	Other Sales & Service	<b>18945</b>	<b>41815</b>

*TIRES SOLD USING ANY OF THE ABOVE PART NUMBERS WILL BE REJECTED.*

## **STATE INSPECTIONS**

Always use state specific article numbers for state inspections. If specific state article numbers are not available, use labor Article Number **22500**.

When emission adjustments are required as part of a state inspection, use article number **31038**.

**State of California:** use article number **61751** for the EPA Analysis and **11339** for the Smog Certificate.

## **TOWING SERVICE**

**Article Number 22454:** use to re-bill towing services paid to an outside vendor.

---

## **SHOP SUPPLIES:**

National account customers will not pay shop supply charges.

## **LOCAL TIRE DISPOSAL FEES: (DO NOT USE FOR STATE DISPOSAL FEES)**

Use the following article numbers to recover additional expenses, incurred locally, for tire disposal.

Local Waste Disposal - Pass/LT Tires Only	Art #47767	\$2.00
Local Waste Disposal - Large Truck/AG Tires Only	Art #92061	Local Pricing

## **LOCAL/OUTSIDE PURCHASE PARTS:**

Part numbers to be used for specific local or outside purchase parts are provided throughout this book. **These numbers must be used only for non-stocking items.** Regular stocking items should be listed on the TST using the appropriate part number and price. **On a local purchase part, if a price other than that listed for a similar stocking item is used, specific authorization from the customer is required.**

## **STATE WASTE DISPOSAL FEES:**

The National Account Billing System adds all state mandated waste disposal fees for tire or services to customer invoices AUTOMATICALLY and PAYS THOSE FEES to the appropriate state agencies. DO NOT add state disposal fees to your National Account transactions except for the following state fees:

- Arkansas Battery Fee
- Florida Battery Fee
- Idaho Battery Fee
- Rhode Island Battery Recycle Fee
- Texas Battery Fee - 6 Volt Only
- Washington Battery Core Fee

**BE SURE THE SERVICE WORK IS NOT COVERED BY THE CAR MANUFACTURER'S WARRANTY.**

# National Account Flat Rate Labor Chart

Effective 9/1/2018

For use when pricing out jobs using flat rate labor (indicated by check marks in the table to the right). Many states have rates which fall within two or more tiers. Boxes that are blacked-out are not available in that state. Based on your city and market, choose the most appropriate tier for your area. Be sure that you are being competitive in your market place for our national customers. Service providers should always secure customer authorization prior to starting any repairs.

# LIMITED WARRANTY

## NATIONAL ACCOUNT SALES SERVICE & PARTS

### WHAT IS WARRANTED AND FOR HOW LONG?

Most auto parts purchased and invoiced through the National Account Program are covered by a minimum twelve (12) months or 12,000 miles, whichever comes first, with some parts and services carrying a different warranty. Some exclusions may apply; please see details below. Tires and batteries are warranted separately and not covered by this warranty. This warranty only applies to parts installed and service performed on passenger cars and light trucks.

### WHAT IS OFFERED UNDER THE WARRANTY?

Auto parts which prove to be unserviceable except as identified below and/or any service work which proves to be improperly performed within the warranty period will be replaced or repaired, respectively, free of any additional charge for parts or labor except as noted below.

LIMITED WARRANTY ON:	PARTS	LABOR
Oil Change and Oil Filter	3 Months / 3,000 Miles	3 Months / 3,000 Miles
Air, Fuel, Cabin Air and Transmission Filters (for workmanship and material related issues)	6 Months / 6,000 Miles	6 Months / 6,000 Miles
New or Remanufactured Starters and Alternators	24 Months / 24,000 Miles	12 Months / 12,000 Miles
Standard Brake Service – Brakes Shoes, Disc Pads (1)	Lifetime (1)	12 Months / 12,000 Miles
Standard Brake Service with Brake Flush – Brake Shoes, Disc Pads (1) Service Includes: Brake System Flush and Clean/Adjust Rear Axle (if applicable)	Lifetime (1)	24 Months / 24,000 Miles
Lifetime Brake Service – Brake Shoes, Disc Pads, Calipers and / or Wheel Cylinders and Brake Installation Hardware (1)	Lifetime (1)	Lifetime (1)
Shocks and Struts	Lifetime	12 Months / 12,000 Miles
Steering & Suspension Parts	Lifetime	12 Months / 12,000 Miles
<b>ALL LIFETIME WARRANTIES ARE ONLY VALID FOR AS LONG AS THE ORIGINAL CUSTOMER OWNS THE VEHICLE.</b>		
(1) Costs of additional brake system components, including master cylinders, rotors, drums and all additional labor, are warranted for a period of twelve (12) months or 12,000 miles which ever comes first. (2) ¾ ton and larger trucks limited to 6 months or 6,000 miles labor coverage.		
<b>Other Service Warranty Exclusions:</b> Replacement of anti-freeze or clamps is not included in the warranty on belts/radiator hoses. Cost of refrigerant and recharging of the air conditioning systems is not included with the warranty on air conditioner parts or air conditioner compressors. Cost of additional brake systems components, including rotors and drums and/or labor to restore Brake System to its safe proper operation is not included with the warranty on Brake Shoes, Disc pads, Calipers and/or Wheel cylinders and all other hardware. Batteries are covered by a separate warranty from the manufacturer.		

### GENERAL PROVISIONS *(Applicable to all warranties)*

#### WHO IS COVERED BY THE WARRANTIES LISTED IN THIS DOCUMENT?

This warranty covers only the original purchaser.

#### WHERE WILL THE WARRANTIES BE HONORED?

Take your car to the participating Firestone store or dealer which sold the warranted parts and/or service work or to any other participating Firestone Tire & Service Center or authorized Dealer location in the United States or the District of Columbia. They are listed in the Yellow Pages under "Automobile Repairing and Service."

#### HOW CAN A CLAIM BE MADE UNDER THE WARRANTIES?

The original invoice from the store at which the original work was performed must be presented in order to get the benefit of the warranty.

#### WHAT OTHER CONDITIONS APPLY?

The obligations undertaken in these warranties are offered only on the above items and conditions and may not be enlarged or altered by anyone. ***This warranty document does not apply to products or vehicles used for commercial cartage, livery, law enforcement/pursuit, racing or off-road purposes or to damage caused by abuse or accident.*** To the extent permitted by law, Bridgestone Retail Operations, LLC, Firestone National Account Sales and participating store and dealer locations disclaim liability for incidental and consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages so the above limitation may not apply to you.

#### CONSUMER RIGHTS:

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

#### GIVEN BY:

Firestone Tire & Service Center or authorized dealer identified in stamp or, if none, by ***Bridgestone Retail Operations, LLC.***

Your satisfaction is important to us. If for any reason you are not satisfied with the service you receive, contact the Manager of the store where your service was provided. If you feel your problem has not been handled to your complete satisfaction, please call the Customer Retention Services at 1-800-367-3872.

# MAINTENANCE SERVICE

## Manufacturer's Schedule Maintenance:

Most vehicle manufacturers offer a warranty for new models for a specific period of time or mileage based on the date of delivery to the first owner. The length of the basic vehicle warranty coverage varies from one vehicle manufacturer to the next. To keep warranties in effect, all manufacturers require vehicle owners to have certain services performed at specific intervals. These services are required to protect both the basic vehicle warranty and the emissions warranty. For this reason, always give the customer an itemized list of services performed for his or her records showing the date and mileage when the required services were performed.

To assist the customer in properly maintaining their vehicle, we should always give the customer information on the manufacturers scheduled maintenance for their vehicle. This maintenance schedule is available from several places. A FTSC can print a schedule from the POS or from Mitchell-On-Demand. The schedule can be found in the Manufacturers Scheduled Maintenance Book or the vehicles owners manual.

## Inspections:

- **Courtesy Check** (Inspect items highlighted in red on the inspection form) Visual inspection of the following items:
  - Tire Condition Tread Remaining Air Pressure

# BRAKES

## Brake Jobs:

*(Measure and document all brake specifications)*

- **Lifetime Brake Job (Disc Brakes)**

- Remove old brake calipers
- Resurface brake rotors (be sure to clean rotors before reinstalling)
- Install re-manufactured caliper assemblies
- Bleed brake system (BE SURE TO FOLLOW THE PROPER BLEEDING SEQUENCE)
- Fill master cylinder with new brake fluid - allow for expansion of fluid if system is hot

- **Lifetime Brake Job (Drum Brakes)**

- Remove old brake shoes, hardware and wheel cylinders
- Resurface brake drums (be sure to clean drums before reinstalling)
- Install new brake shoes, hardware and wheel cylinders
- Adjust brake shoes
- Bleed brake system (BE SURE TO FOLLOW THE PROPER BLEEDING SEQUENCE)
- Fill master cylinder with new brake fluid - allow for expansion of fluid if system is hot

- **Standard Brake Job (Disc Brakes)**

- Remove old brake pads
- Resurface brake rotors (be sure to clean rotors before reinstalling)
- Install new brake pads (be sure to open caliper bleeder screw before retracting caliper pistons)

- **Standard Brake Job (Drum Brakes)**

- Remove old brake shoes
- Resurface brake drums (be sure to clean drums before reinstalling)
- Install new brake shoes and adjust

## Brake Maintenance:

- **Brake Maintenance Package**

- Top-off master cylinder with new brake fluid
- Adjust drum brakes (if applicable)
- Adjust parking brake cable

- **Flush Brake System**

- Remove old brake fluid from master cylinder and refill with new brake fluid
- Using a vacuum/pressure bleeder, flush all old brake fluid from the brake lines/hoses (be sure to do this in the same sequence as called for when bleeding the brakes)
- Fill master cylinder with new brake fluid - allow for expansion of fluid if system is hot

# STEERING & SUSPENSION

## Alignment Services:

- **Alignment Check**

- Road test vehicle
- Inspect steering and suspension system including tire condition and air pressure
- Put vehicle on alignment rack, mount and compensate sensors and print out alignment readings

- **Alignment Service**

- Road test vehicle
- Inspect steering and suspension system including tire condition and air pressure
- Put vehicle on alignment rack, mount and compensate sensors and print out alignment readings
- Set all appropriate alignment angles to manufacturer's specifications
- Print out final alignment readings to verify alignment is within specifications
- Road test vehicle

(Note: if shims, cams or adjusters are required to align the vehicle this should be documented at the time the initial alignment readings are printed out. A customer service associate should advise the customer of the need for these items.)

## Suspension Services:

- **Lubrication for Replaced Front End Components**

- Lubrication is included for those parts that have been replaced and require lubrication.

# Alignments

# STARTING & CHARGING

## **Battery Installation**

- Visually inspect battery cables and ends, holddown and bolts, and battery tray
- Use a bridging device to maintain power to the vehicles memory
- Remove the old battery from the vehicle
- Perform an open circuit voltage (OCV) check on the new battery
- If OCV is below 12.5 volts, charge battery before installing
- If OCV is 12.5 volts or higher, install new battery
- Install anti-corrosion pads on positive and negative battery cable ends
- Spray battery cable ends with anti-corrosion spray

## **Electrical System Check**

- Visually inspect all starting and charging system components
- Perform an open circuit voltage test on the battery
- Test the battery
- Test the starting and charging circuits

## **Battery Corrosion Treatment** (Included with the installation of a battery)

- Install anti-corrosion pads on positive and negative battery cable ends
- Spray battery cable ends with anti-corrosion spray

## **Corrosion Protection Package**

- Visually inspect all starting and charging system components
- Perform electrical system test (see above)
- Install anti-corrosion pads on positive and negative battery cable ends
- Spray battery cable ends with anti-corrosion spray

## Battery Services

Note: Corrosion Protection Pads and Spray are Included with the Installation of a Battery.

# **RADIATOR & AIR CONDITIONING KEY SERVICE DESCRIPTIONS**

## **Radiator Services:**

- **Pressure Test Cooling System**

- Visually inspect all cooling system components
- Using a pressure tester, test the radiator cap and cooling system for leaks

- **Complete Radiator System Flush**

- Inspect system and pressure test for leaks
- Hook up the flush machine to the vehicle and add flush chemicals
- Allow engine to run until chemicals have circulated through the system
- Add the proper amount of recycled coolant to the flush machine
- Flush old coolant and chemicals from the system and refill with the proper amount of recycled coolant (service includes up to 2 gallons)
- Add sealant/lubricant to the system

## **Air Conditioning Services:**

(Anyone servicing air conditioners must be certified)

- **Air Conditioning Performance Check**

(if necessary, refrigerant will be added for leak testing, then removed)

- Visually inspect air conditioning components including cooling system components
- Run performance test including: System state of charge test / System Control Test
- Perform leak test using approved electronic leak detector

- **Air Conditioning Recovery, Evacuation and Recharge**

- Recover refrigerant from system
- Evacuate system (follow equipment manufacturers procedure for proper evacuation)
- Recharge system with proper amount of new or recycled refrigerant
- Verify system operation and pressures/temperature

# ENGINES

## Diagnostic Services:

- **Engine Diagnostic Service (Specific to BSRO Locations Only)**  
(Using Mitchell-on-Demand, CAS Machine, Scanner & Fuel Pressure Tester)
  - Determine symptoms using the engine diagnostic questionnaire
  - Road test vehicle and verify symptom(s)
  - Perform a visual inspection for the problem and note the overall condition and mileage of the vehicle
  - Review: tune-up specifications, TSB's, prom updates and quick fixes
  - Check for trouble codes
  - Perform total engine analysis (using the CAS Machine)
  - Test fuel pressure and volume
  - Check computer pin voltages

## Engine Services:

- **Maintenance Tune-Up**
  - Road test vehicle
  - Visually inspect the following components:

Filters	Belts/Hoses	PCV/EGR Valves	Fluid Levels
Emissions	Vacuum Hoses	Ignition Wires	Distributor Cap/Rotor
  - Devices
    - Remove old spark plugs / Inspect and clean cylinder head spark plug threads
    - Gap new spark plugs to specification, install and torque to specification
    - Set timing (if applicable)
    - Adjust idle speed (if applicable) (on computer controlled idle circuits, this can be performed at an additional charge)

**(Note: if timing and idle speed cannot be adjusted, then only a spark plug replacement should be performed)**

- **Spark Plug Replacement**
  - Remove old spark plugs
  - Inspect and clean cylinder head spark plug threads
  - Gap new spark plugs to specification, install and torque to specification
