Nashville District Energy System Customer

Re: Change of Administrative Responsibility for DES

With the beginning of Metro's fiscal year, administrative responsibility for the DES has transferred to Metro Water Services. Mr. Robert Lackey, who served as the Metro Liaison to DES for many years, has retired from Metro Government. Adrienne Fancher with Metro Water Services has been appointed as the new Metro Liaison. Thermal Engineering Group, Inc. (TEG) will continue to serve the DES customers as the Contract Administrator.

Metro has also extended the System Operator contract with Constellation NewEnergy. Therefore, the same great service and relationships with DES that you've had over the years will continue.

Please feel free to contact me at TEG or Ms. Fancher, if you have any questions, concerns or comments. If you wish to contact Ms. Fancher, her contact information follows:

Ms. Adrienne Fancher, EIT
Metro Water Services
1450 Lebanon Pike, Building A
Nashville, TN 37210
