RESULTS OF REVIEW 7

INTRODUCTION

The Office of Financial Accountability (hereinafter referred to as “OFA”) has completed a monitoring review of YWCA of Nashville and Middle TN. A monitoring review is substantially less in scope than an audit. The OFA did not audit the financial statements and, accordingly, does not express an opinion or any assurances regarding the financial statements of the YWCA of Nashville and Middle TN. The OFA is responsible for the internal monitoring of Metro agencies that receive federal and state financial assistance, including cooperative agreements and non-profit organizations that receive appropriations and Community Enhancement Funds from Metro government. In summary, any agreement(s) that imposes performance and/or financial requirements on Metro government is subject to review by the OFA.

The purpose of this review was to assess the agency’s compliance with contractual requirements set forth in the following contract with Metro Government:

Contract	Type	Grantor	Amount	Contract Term	
L-2298	Community Enhancement Funds (CEF)	Metro Government	\$256,100	July 1, 2009	June 30, 2010

Agency Background

YWCA of Nashville and Middle Tennessee is a private, non-profit entity offering a variety of community services to the citizens of Nashville and Davidson County. According to their mission statement, the agency “draws together members who strive to create opportunities for women’s growth, leadership and power in order to attain a common vision: *Peace, justice, freedom and dignity for all people.*” The agency focuses its resources on women and girls who desire to create a better quality of life for themselves and/or their families, helping them to achieve self-sufficiency and to increase their financial strength. In carrying out its mission, the YWCA of Nashville and Middle Tennessee operates a large domestic violence shelter, a transitional housing program, a free GED Preparatory Program, a youth outreach program and a leadership program for women.

OBJECTIVES, SCOPE AND METHODOLOGY

The objectives of our review were:

- 1) To determine whether the agency had the resources and capacity to administer the grant funds.
- 2) To determine if costs and services were allowable and eligible.
- 3) To verify that program objectives were met.
- 4) To test the reliability of the financial and programmatic reporting.
- 5) To verify contractual compliance.

The scope of our review was limited to the contract term July 1, 2009 through June 30, 2010.

Audit procedures included meeting with agency management and staff, reviewing the design of internal controls as a basis for establishing our testwork, reviewing Board minutes and obtaining written representations from management. In addition, we examined certain financial records and supporting documentation necessary to ensure compliance with contractual requirements set forth in Contract L-2298. Specific procedures included:

- Interviewing the employees responsible for grant management, financial reporting, and accountability.
- Reviewing supporting documentation of expenditures for allowability, necessity and reasonableness.
- Reviewing the agency's General Ledger and verifying the accuracy of all invoices submitted to Metro.
- Reviewing documentation to determine that funds were used for intended beneficiaries and expended in accordance with the Spending Plan of the contract.
- Reviewing documentation to support program activities for consistency with grant requirements.
- Assessing the financial stability of the agency and its ability to continue to administer the grant program funded by Metro.

RESULTS OF REVIEW

The overall results of the monitoring review are provided in this section. Results are based on testwork performed and include conclusions regarding specific review objectives and, if applicable, recommendations for improvement and an action plan for implementation. Where applicable, the Findings and Recommendations section of this report provides more insight into any issues identified below.

1. Sufficient Resources and Capacity to Administer Grant Funds

Our review of the agency's accounting system and the qualifications of the individuals assigned to manage the accounting records indicate that the agency possesses the necessary resources and professional expertise to effectively administer the grant funds.

2. Allowable and Eligible Costs and Services

Our review covered all of the core compliance areas identified by OMB Circular A- 133: *Audit of States, Local Government, and Non-Profit Organizations*. Based on our test work, costs and services during the period were allowable and eligible. Costs incurred by the agency complied with applicable guidelines stated in OMB Circular A-122.

Additionally, the Metro Grants Manual requires separate accounting of the Metropolitan Nashville Government grant funds to prevent co-mingling of Metro Funds with other sources of funding. The agency was in compliance with this requirement. Different revenue classes as well as expenditure classes had been established to separately track the sources and amounts of funding. Also, the agency could easily and accurately report their expenses supported by the Metro Grant.

3. Program and Performance Objectives

The grant contract stipulates that the agency was to provide the following program objectives:

RESULTS OF REVIEW

- 15,000 nights of emergency shelter to domestic violence victims, including 250 women and 170 children;
- 40% of women in shelter will stay for 30 days or longer;
- 75% of women in shelter will identify key community resources for ongoing support;
- 55% of women will enter safe and sustainable housing after they leave the shelter;
- 92% of crisis line callers will report increased understanding of domestic violence;
- 2,750 crisis and information calls will be answered.

Based on our review of program documentation and discussions with staff, program performance objectives had been met and the agency was in compliance with contractual program objectives.

4. Reliability of Financial and Programmatic Reporting

The contract requires submission of an annual audit report performed by a Certified Public Accountant. The contract also requires the agency to submit to Metro year end reports of the program outcome and a final expenditures report, no more than 45 days after the close of the contract. We reviewed all applicable financial and programmatic reports required by the contract, including audited financial statements. Based on our review, the agency was in compliance with the financial and programmatic reporting requirements.

5. Internal Control Environment

In order to determine the adequacy of the design of internal controls, we obtained and reviewed an independent auditor's report on internal control over financial reporting and/or a completed internal control questionnaire. This audit procedure was performed solely as a basis for determining our test work and to assist us in making suggestions for improvement to management. We did not evaluate the operating effectiveness of internal controls over financial reporting.

RESULTS OF REVIEW

Our review of the design of the agency's internal controls did not reveal any control deficiencies. Further, nothing came to our attention that would necessitate suggestions for improvement in internal control activities to management.

6. Civil Rights Requirements

Our review did not reveal anything to indicate that the agency was noncompliant with civil rights requirements. The agency also has necessary written policies and procedures relating to civil rights. The agency has not received any complaints regarding any form of discrimination. Further, civil rights and ADA postings are publicly displayed.
