Oval Baby Changing Station is made of high quality construction with high-density polyethylene. Steel-on-steel hinges for strength and durability. Blow-molded high-density polyethylene with Microban Antimicrobial additive (resists odors and bacterial growth). ADA compliant with proper installation. Concealed pneumatic cylinder and hinge structure provides controlled, slow opening and closing of bed. High-density polyethylene is easy to clean and resists odors and bacterial growth. Rotation-molded high-density polyethylene. Reinforced full-length steel-on-steel hinge mechanism. Molded in graphics and safety messages in five languages. Unit includes child protection straps, diaper bag hooks and two built-in liners dispensers that will hold approximately 40 sanitary liners. Mounting hardware included. Surcharge may be added for shipments outside of U.S.

Oval Changing Station Dimensions: 33.85" wide x 20.5" high Depth (closed): 4" Extension (open): 20" Surcharge and customs may be added for shipments outside of U.S.

** Pre-Paid Price
