

**METROPOLITAN HEALTH DEPARTMENT  
DIVISION OF POLLUTION CONTROL**

**REGULATION NO. 5  
Standard of Performance For New Stationary  
Sources**

The following Regulation pertains to the emission standards for new stationary sources and the permitting, testing, and reporting requirements of any affected facility in Metropolitan Nashville and Davidson County, Tennessee. This Regulation is promulgated as provided for in Section \_\_\_\_\_, of Chapter 10.56, "Air Pollution Control" of the Metropolitan Code of Laws.

**SECTION 5-1**

No person shall construct or operate any stationary source in such a manner as to fail to comply with any applicable standard of performance or any other requirement established by the Environmental Protection Agency, pursuant to Section 111 of the Federal Clean Air Act.

Adopted May 12, 1976
