presents:

***An Introduction to Calligraphy Workshop
with master calligrapher Ann Cobb***

In this workshop, master calligrapher Ann Cobb will introduce students to the beautiful Uncial hand.

This workshop is designed for those new to calligraphy as well as for those who want to brush up on or learn Uncial lettering. Students will study the principles and basic strokes of Uncial lettering, and then their way through the alphabet, letter combinations and words.

This style of lettering flows easily from the broad-edge pen, making it popular among present-day calligraphers. The Uncial hand flourished from the 4th through the 8th centuries and is ideal for the beginning calligrapher. The Uncial hand is made up of capitals only – no lower case.
