## RUBY-THROATED HUMMINGBIRD PROJECT

### 2019 FALL MIGRATION

- 11 banding sessions, 91 Ruby-throated Hummingbirds during 142 trap hours
- 6 recaptures were processed; all were birds banded in 2019
- Best session on 25 August 2019 netted 25 birds during our Celebrate Hummingbird event
- Visitor participation during WPNC hummingbird banding sessions:
  - 1027 visitors attended banding sessions and educational programs
  - 909 visitors attended Celebrate Hummingbird Day event on Saturday, 26 August 2019
  - 200 patrons supported this and other BIRD research projects at the Hummingbird Happy Hour on 6 September 2019
- Dedicated team of 20 volunteers and staff supported this project:  
Kathy Shaw, Diana McLusky, Leah Larocco, Matt Jenkins, Patty Ghertner, Amy Potter, John Kell, Camille Monohan, Kelly Longenecker, Jean Louise Barnes, Kassie White, Laura Cook and Elizabeth, Susan O'Neil, Sandy Bivens, Rachel Anderson, Melissa Donahue, Vera Roberts, Kim Bailey, and Susan Bradfield
- Many thanks to volunteers who regularly maintained 30+ feeders:  
Pat Dishman, Julie Petcu, Sandra Smith, Toni Rodgers, Scott Gray
- 15 banding sessions at Fall Hummingbird Migration projects at Bells Bend Outdoor Center, Shelby Bottoms Nature Center, and Beaman Park Nature Center coordinated by Kathy Shaw and Sandy Bivens. A total of 83 birds (75 new and 5 recaptures)
