

# PARK TIERS

Tier A: Larger parks and parks that are more heavily requested for Special Events. These parks typically provide amenities such as restrooms, electric and/or water service, designated parking areas and tend to be more centrally located.

Tier B: Mid-size parks, lower level of amenities, possibly only porta potties or one restroom, less access to utilities for event use, and limited parking.

Tier C: These parks are generally smaller or in less populated areas. They receive very few requests for events and are used primarily as neighborhood greenspace. These parks can be very nice and important to their neighborhood, they just are not used for special events that often.

## Tier A Parks

Alvin Beaman  
Bellevue  
Bells Bend  
Centennial  
Cumberland  
East  
East Bank Landing  
Edwin Warner  
Fannie Mae Dees
