Dear Metro Nashville Police Department:

I would like to thank both your department and the Vanderbilt University police who responded to 911 calls after I was assaulted near Centennial Park recently. Unfortunately, I did not get the names of all officers involved and cannot thank each personally here as is deserved. I have only the name of Officer Eaton who assisted me throughout this unpleasant incident. Officer Eaton's professionalism and courteous demeanor were exemplary – as was that of all policemen with whom I interacted. I cannot overstate how much I appreciate the dedication and caring attitude of such officers.

I know the police are often taken for granted and are seldom adequately thanked for a job well done. I wanted to make sure that, in this case, the officers receive a heartfelt thank you.
