Dear Sir:

We would like to commend one of your officers for his professionalism during our incident/accident yesterday while visiting your city. We were rear ended yesterday afternoon on Briley Parkway while sitting at a red light and Officer Sean D. Williams responded.

Officer Williams was very courteous. He asked us several times if we were sure that we were ok and did not need to seek medical attention. Officer Williams also apologized for the delay in responding to the scene. This is the first time that we have ever come in contact with one of your officers and was very impressed.

We just wanted to thank Officer Williams for all he did. We talked about how nice he was all the way home and wanted to let you know that you have a fine officer working for your agency. We wish all of you a very Merry Christmas and a Happy New Year.

Sincerely,
