Case #201300012 ALLIED CRAWFORD STEEL

Address: 3719 AMY LYNN DRIVE APN: 06800007000 CD: 01

Case Description: Previously granted Variance #201300012 on September 5, 2013 with the requirement to provide plant mitigation as per the Plan of Record. Original variance requests were to allow disturbance of the floodway and 75' floodway buffer (50' Zone 1 & 25' Zone 2) of the Cumberland River for encroachment of a 24,200 sq. ft. industrial building addition with ramp, access road, excavation for a compensating cut area, and placement of Stormwater Best Management Practices (BMPs), and to waive mitigation of plants. The Appellant is requesting a rehearing to allow waiver of the requirement for the plant mitigation.
