

List of ISO11143 Certified Amalgam Separators for Dental Offices

The following list of dental amalgam separation technology was compiled through product research by Metro Water Services (MWS) and is not all-inclusive. MWS's designated Dental Amalgam Program Coordinator (DAP) may give written approval to use other separators that do not appear on the list. MWS will only approve separators that are compliant with standards found in 40 CFR 441.30(a), ANSI/ADA 108-2009 or ISO11143 certified with at least 95% removal efficiency. Please complete and submit a Dental Amalgam Program Permit Application prior to purchasing and/or installing amalgam separation equipment. For questions regarding Amalgam Separators please contact MWS Environmental Compliance: Ph: 615-862-4590 email: ECO@nashville.gov , attention Dental Amalgam.

Amalgam Separators on the following list are provided as a service to aid in fulfillment of DAP policy requirements and does not constitute an endorsement of any Brand Name or Manufacturer listed on the following pages. It is strictly the responsibility of the user to ensure that all equipment is installed by properly licensed professionals, in accordance with all federal, state, and local laws, rules, regulations, and building codes.
