

We're planting trees in your neighborhood!

On _____, [date] volunteers will plant trees in your neighborhood on Metro property between the sidewalk and the street.

More than _____ [number] volunteers will gather on _____ [street] and then plant _____ [number] _____ [tree species] trees in the grass strips on _____. [street or streets] The planting lasts _____, [start and stop time] and we'll clean up everything before we leave. Prior to this date, you may see markings on the street to indicate utilities.

Residents bear no responsibility for planting or the care of these trees. Our representatives will water them for _____. [how long] Besides beautifying the neighborhood, these trees make a measurable difference in providing clean air and water, reducing stormwater, and shading the city.

This project is part of _____'s [organizers] planting program. Sponsors include _____, _____, and _____. [sponsor names]
