

For more information contact: _____, _____, _____
[Name, phone number, and email address of contact person for your organization]

FOR IMMEDIATE RELEASE

Residents who live in the neighborhoods surrounding _____ [Location or area of the planting] will benefit for years to come from the trees to be planted on _____ [Planting date]

_____ [Group that is organizing the planting] and local tree experts will guide teams of volunteers to plant _____ [Number] trees at _____ [Number] sites along _____, _____, and _____. [Street or streets] The _____ [Tree species] are powerline approved, which means at maturity they will not have to be pruned because of height.

Volunteers will gather at _____ [Time] at the _____ [Location] on _____. [Street name] Some tools and gardening gloves will be provided, but volunteers are encouraged to bring their own if they have them.

Tree specialists will conduct demonstration plantings before sending out the teams, so no special knowledge of tree planting is required. _____ and _____ [Sponsors] are sponsors of the event.

Trees provide many benefits to the community, including saving energy, providing shade, improving air quality, and keeping neighborhoods safer. In addition, mature trees reduce flooding and add to property values.

For more information or to volunteer, contact _____ [Contact name] at _____ [Email address]
