Public Awareness Update
Mr. McGowan went over the call analysis report for October 2019. When compared to October last year, 911 calls dropped by 266 calls or -73%. When compared to last month (September 2019), 911 calls were down by 3,692 calls or -9.26%.

Updates were also given on:
- Rescue Rex…shows performed, number of children reached, and upcoming show schedules.
- Targeted digital display ads to New Movers/Adults 18+.
- WTVF.com Digital Ads.
- iHeartMedia digital radio / digital display banners.

Mr. McGowan reported that his firm would like to meet with the Public Awareness Committee to finalize efforts around the recruitment campaign. His firm is close to getting the recruitment website up and they would like to share website art and digital advertising art. Radio spots are also being developed using testimonials from 911 call takers. Since we normally do not meet during the month of December, questions arose as to whether or not all board members will see the creative work before it goes live. It was decided that Mr. McGowan will first share the creative work with Committee members through email. Once the Committee signs off on the creative work, it will be distributed to all board members for review. If no concerns are brought forth by any board member, then Mr. McGowan’s firm will be given permission to move forward with the project.

DEC Directors Report
Ms. Milliken reported that in order to maintain necessary staffing levels all call takers are being required to work mandatory overtime. This initiative was put in place starting in November. Every call taker is being asked to work 20 hours overtime each month.

Annual shift rebid will start in November. Call takers will be bidding for 8 hour shifts as well as 12 hours shifts in case the department transitions over to a 12 hour per day work schedule.

DEC currently has 37 open vacancies. Eight people are in the pre-hire testing process. They are past the interview process and are now going through the physical and psychological testing. If there are no problems these individuals will start on January 13th.

Six trainees graduated this past Friday and were given shift assignments.

Fifteen new hires are now in training. Five of those employees will be ready to move to the floor sometime between December 15th and January 15th.

Four DEC employees received service awards last week from the Mayor’s Office. Three individuals received 35 year service awards and one employee received her 30 year award.

Last week a DEC employee received a first responder award from the Donelson / Hermitage Chamber of Commerce for multiple events that she was involved in during 2018 as either a call taker or dispatcher.

Ms. Milliken reported that DEC is now included in mayoral cabinet meetings. She, along with the police and fire chief, meets each Monday with the mayor’s office and reports on statistics, major events, personnel issues, staff shortages and anything else that may be of concern. This group then works together to see if one department can help another with any of the issues that are on the table.
Ms. Milligan is also attending department head meetings where the mayor’s staff is outlining the things that everyone will be working on.

Ms. Milliken has been told that within the next few weeks, Metro will restart the search process to fill the vacant director’s position within the Department of Emergency Communications.
