Expenses for May were $2,168,529. This left us with a net loss of $2,166,445 for the month. Our checking account balance at the end of May was $143,701 and our LGIP account balance was $6,927,343. This leaves us with $7,071,045 cash available for operations.

Adoption of ECD Budget for FY 2017

Mr. Lynam presented a copy of the 2017 operational budget that was proposed at the April 21, 2016 board meeting. He stated that no changes had been made to the proposed budget since that meeting. He did however recommend that the Board make several changes before approving it as the final budget for FY 2017. The recommended changes were:

- **4206-Language Interpretation** – Add another $3,000 to this line item. This will bring the total to $36,000 for this expense item. Based on the way we finished FY 2016 it appears that we may need additional funds in this account.
- **4313 – Cable / Internet Services** - Add another $1,000 to this line item. This will bring the total to $8,000 for this expense item. Based on the way we finished FY 2016 it appears that we may need additional funds in this account.
- **9999 – Capital Improvements** - Add $10,000 for heavy duty recliner chairs. These chairs will be used in the “De-Stress” Room.
- **9999 – Capital Improvements** – Add $90,000 for PC computers. This is a carryover from FY 2016. This will allow the ECC Dept to complete its PC replacement project.

These changes will increase the original proposal by $104,000 and bring the total budget amount to $7,414,325. After some discussion Mr. Gleason made a motion for the board to adopt the budget with the changes as shown. Ms. Baker seconded the motion and it carried unanimously by voice vote.

ECD Accounting Procedures

Mr. Lynam provided board members with a copy of the Accounting Policies and Procedure Manual that he and Mr. Law had drafted as a result of changes in the TCA Code requiring all governmental entities to have a written internal control framework in place by June 30, 2016. He pointed out that KraftCPA’s, the board’s outside auditors, had reviewed the document and are comfortable with it. He also mentioned that Ms. Mattson had reviewed and approved the manual.

Ms. Duckworth asked if we were going to put processes in place to identity risks. Mr. Gleason asked if Metro had someone who could look at risk assessment. Mr. Watkins stated that Metro ITS has contracted with a vendor to address security risks within all departments, including the systems within the ECC Department. Mr. Watkins has already provided information on all their equipment and applications so that the vendor can evaluate potential risks in ECC business operations. Ms. Duckworth asked that Mr. Watkins report back to the board with the results of the assessment.

After discussion ended Mr. Gleason made a motion that we adopt the Policies and Procedures that were presented. Mr. Johnson seconded the motion and it carried unanimously by voice vote.

Mr. Nolan did not have that information but the ECC Department indicated that they could generate that information using the language interpretation invoices. Mr. Dwayne Vance will generate a report showing the number of calls involving all languages.

Ms. Baker seconded the motion and it carried unanimously by voice vote. The officers for FY 2017 are:
