Memorandum

REF: Hadley Rd proposed right-of-way abandonment / Map 64-9,13 / District 11

It has been discovered there are portions of the former Hadley Road right-of-way between First St and Sixth St in Old Hickory that may not have been included in the State Route 45 (Old Hickory Blvd) construction. The former r/w has been included in some of the Property Descriptions, yet was never officially abandoned.

Council Member Hagar and Metro Legal Department would like to officially abandon the following portion of Hadley Road to resolve this issue.

The excess strip of right-of-way on the north side of Hadley Road as shown on the plan of Berryville, recorded in Book 421, Page 117, RODC, TN, between First St and Sixth St, and being approximately 20' in width, or as determined by an accurate survey. (or whatever the limits and widths are) This abandonment excludes any right-of-way owned by TDOT for State Route 45 (Old Hickory Blvd) or currently in use by the public, or public utilities.

Enclosed is a copy of the Plan of Berryville, Recorded in Book 421, Page 117 and a portion of Map 64-9 and 64-13 in this area.

The easements are to be retained.

Please begin the process for this proposed r/w abandonment. Also, please send me the Planning Proposal Number as soon as possible. Let me know if you have any questions regarding the proposed right-of-way abandonment.
