

**BILL NO. BL2018-1443** (WITHERS & O'CONNELL) – This ordinance would approve a license agreement between the Metropolitan Government and Verizon Wireless (Verizon) to install in-building radio-distribution devices (IBRDs) to enhance wireless reception on or within the Richard Fulton Main Office Building and the Howard Office Building. The IBRDs would amplify Verizon's wireless signal within these buildings, creating better reception for the wireless users in these buildings.

The term for the agreement is five (5) years, but may be extended for an additional five (5) year term.

Amendments to this legislation could be passed by resolution.

*Fiscal Note: There will be no cost to Metro for the installation or operation of these devices.*
