

**RESOLUTION NO. RS2018-1504** (O'CONNELL & BEDNE) -

**RESOLUTION NO. RS2018-1505** (O'CONNELL & BEDNE) –

**RESOLUTION NO. RS2018-1506** (O'CONNELL & BEDNE) -

These resolutions would each authorize the construction, installation, and maintenance of aerial encroachments – each consisting of projecting signs -- at three separate locations: 501 5th Avenue South (RS2018-1504), 215 1st Avenue South (RS2018-1505), and 120 2nd Avenue North (RS2018-1506).

In each instance, the resolution requires the applicants to indemnify the Metropolitan Government from all claims in connection with the construction and maintenance of the sign, and to provide a \$2 million certificate of public liability insurance with the Metropolitan Clerk naming the Metropolitan Government as an insured party. The applicants must also hold the Metropolitan Government harmless from all claims connected with the installations.

In each case, the Metropolitan Government retains the right to pass resolutions or ordinances regulating the use of surrounding streets, including the right to construct and maintain utilities, and to order the relocation of facilities at the expense of the applicants. Metro further retains the right to repeal approval of the encroachments without liability.

The plans for each encroachment must be submitted to the Director of Public Works for approval, along with all work and materials; and each installation, when completed, must be approved by the Director.

Construction of the signs must be carefully guarded and must be completed promptly, so as to cause the least inconvenience to the public.

The Planning Commission has approved these proposals.
