

# TRASH THE WIPES. DON'T FLUSH!

FIND OUT WHY:  
[www.nashville.gov/water](http://www.nashville.gov/water)

Toilets are only meant for one activity, and you know what we're talking about! When the wrong thing is flushed, results can include costly backups on your own property or problems at your local wastewater treatment plant. That's why it's so important to treat toilets properly and flush only your personal contributions to the local wastewater treatment plant.

Please don't flush any items like:

- ◆ Baby wipes and diapers
- ◆ Rags and towels
- ◆ Cotton swabs
- ◆ Syringes
- ◆ Candy and other food
- ◆ wrappers
- ◆ Clothing labels
- ◆ Cleaning sponges
- ◆ Plastic items of any description
- ◆ Aquarium gravel or kitty litter
- ◆ Rubber items such as gloves
- ◆ Cigarette butts
- ◆ Sanitary napkins
- ◆ Hair
- ◆ Underwear
- ◆ Disposable toilet brushes
