WHAT IS A COMMUNITY PLAN? Community Plans guide future growth and preservation decisions made by Metro government. This includes recommendations to Metro Council on zone change requests. The Community Character Manual contains more information about the current community plan (land use) policies, and is available at: <https://www.nashville.gov/Planning-Department/Long-Range-Planning/Community-Character-Manual.aspx>

WHAT IS THE CURRENT COMMUNITY PLAN (LAND USE) POLICIES? The current policy for the plan amendment area is Rural Maintenance (T2 RM). This policy is intended to maintain rural character as a permanent choice for living within Davidson County. T2 RM areas have established low-density residential, agricultural, and institutional development patterns.

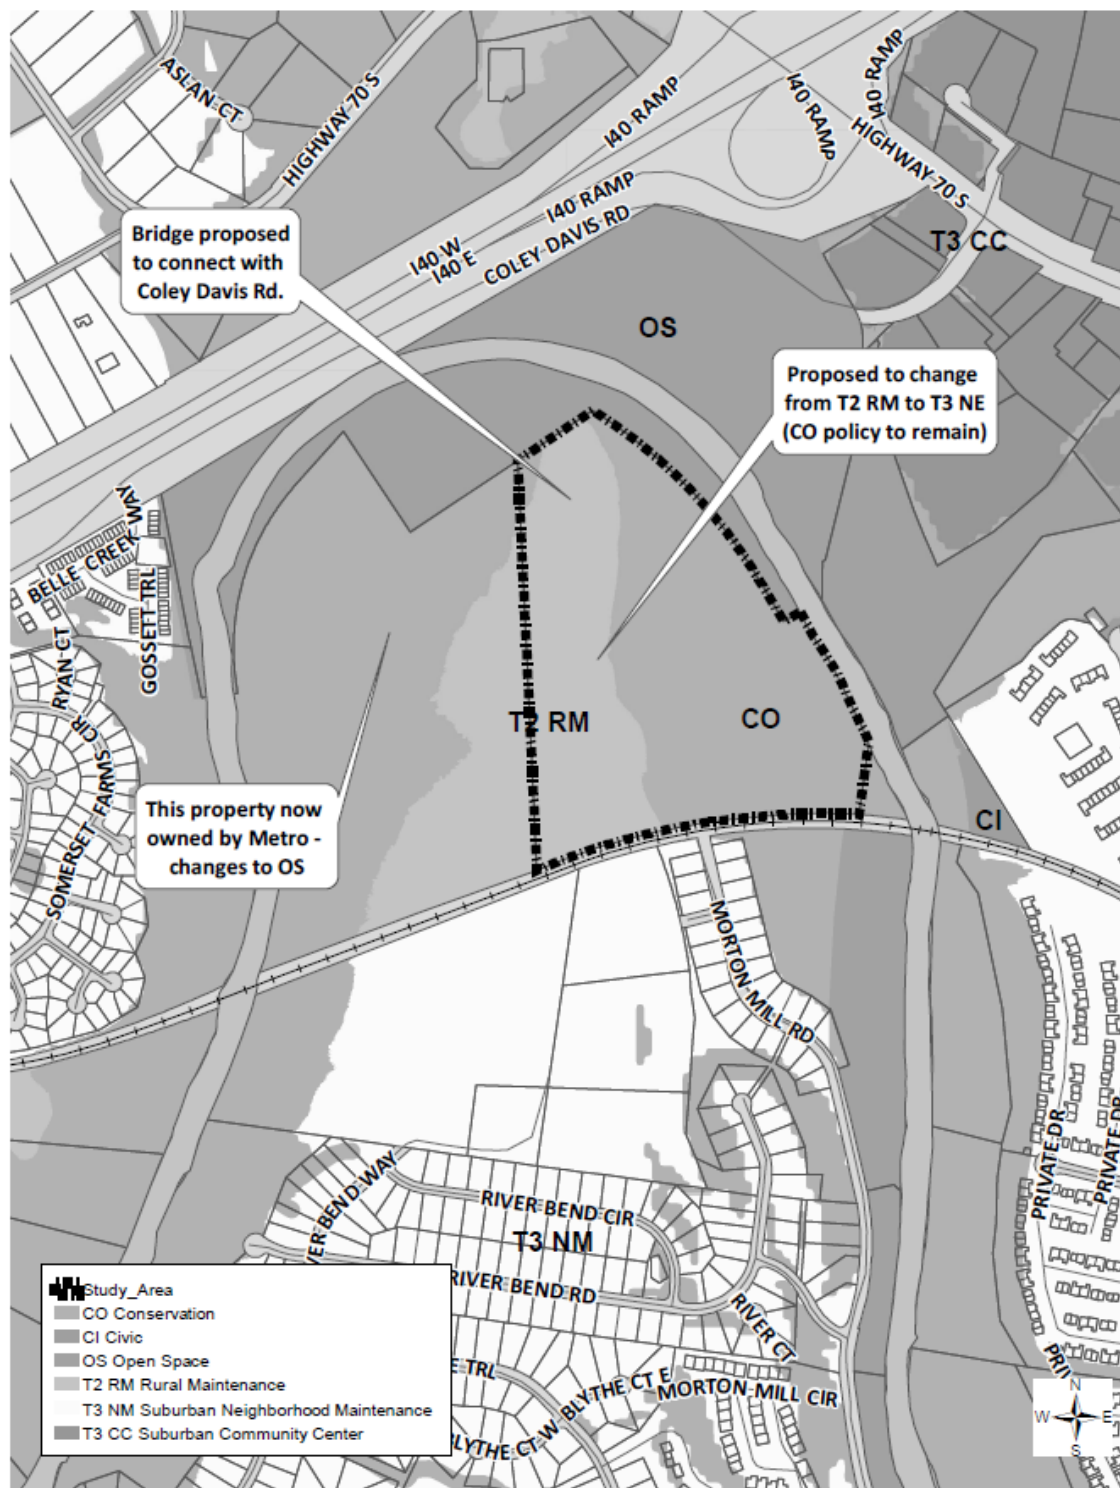

WHAT CHANGES ARE PROPOSED? (SEE MAP ON REVERSE FOR MORE DETAIL) The plan amendment request would change the area of T2 RM, outlined on the map, to Suburban Neighborhood Evolving (T3 NE) policy. T3 NE policy is intended to create and enhance suburban residential neighborhoods with more housing choices, improved pedestrian, bicycle and vehicular connectivity, and moderate density development patterns. T3 NE areas are developed with creative thinking in environmentally sensitive building and site development techniques to balance the increased growth and density with its impact on area streams and rivers.

WHY ARE THESE CHANGES PROPOSED? The property owner or representative has requested this policy amendment, which requires a community meeting so that Planning staff can hear from you.
