Meeting Start Time: 3:04pm

Agenda Item 1: Approval of Minutes

Minutes were approved by the group

Action Items: Judy and Carly will make sure those get to Michelle Porter to be posted.

Agenda Item 2: Report Outs

All three groups provided handouts that provided information and updates for the months February, March, and April. Groups will continue to meet. See attached group handouts for more information. One major piece of information is that the GPD providers are collectively working on a VA grant that would provide Case Management for Veterans who were in GPD and do not qualify for SSVF or HUD VASH. OSDTN will be the organization writing the grant but will be working with all the other GPD Providers and participants.

Action Items: The groups will continue to meet. GPD – in September, CCM biweekly.

Agenda Item 3: VA Presentation on VASH Promotion Effort

See attached TVHS HUD VASH Mission 2019. Jackie Hall Williams provided an overview of numbers (not just Davidson County). Also discussed what they are doing moving forward, including a group intake day that will be held weekly and hoping the message that evictions and debts with evictions need to be settled. They are looking for any other ideas people may have. Some ideas thrown out:

- Have group intakes at OSDTN or RITI
- Eviction Clinic
- Bring difficult cases to the CCM

Action Items: Jackie will keep the group posted on the progress

Agenda Item 4: SSVF – Rapid Resolution

Peggy Motel gave an overview of what Rapid Resolution is, which is another form of a diversion process. Rapid Resolution will be something that Centerstone will be working on with the community to start implementing a process. See attached handout.

Action Items: Centerstone will keep the group posted on trainings, etc.

Agenda Item 5: Other Business

Stephanie provided a flyer for Centerstone's Keys to Recovery Program, in need of referrals. She also gave some information on eligibility.

Next Meeting Scheduled for July 17, 2019 at 3pm at OSDTN.

Adjourned: 4:30pm
