

# Score Cards

After reviewing the three design options for Wharf Park, attendees filled out a form to score the design's approach to Connections, Character, Environment and Activity. Ratings were on a scale of (0-5).

Scheme	Format	Date	Venue	General Rating (Google Form)	Connections (0-5)	Connections (Why?)	Character (0-5)	Character (Why?)	Environment (0-5)	Environment (Why?)	Activity + Use (0-5)	Activity + Use (Why?)
Bridge + Bowl	Physical Card	01/22	Napier Center						0	Displacement and lack of housing is a public health issue	0	Will access be subsidized to Napier residents? The unhoused you displaced?
Bridge + Bowl	Physical Card	01/22	Napier Center		5	Open space is great (not a sports field)					0	We need low income housing incorporated near and on the 88 Hermitage Ave lot
Bridge + Bowl	Physical Card	01/22	Napier Center		4	Good access, lack of low income and affordable housing options						
Bridge + Bowl	Physical Card	01/22	Napier Center		0	This park will further gentrify this area and displace hundreds	0	The timing won't be right until we house everyone in the city	0		0	Is housing and activity?
Bridge + Bowl	Physical Card	01/22	Napier Center		4	Lower score because of fewer trees	2	Celebrates neither the river nor the natural canopy	2	The bowl is going to be hot. Plenty of downtown has lawn without many trees	4	
Bridge + Bowl	Physical Card	01/22	Napier Center		5	Transit accessible for south and east	5	Murals, local artists	5	Fruit trees, Trevecca urban farms	5	
Bridge + Bowl	Physical Card	01/22	Napier Center						5	People who are unhoused need/use public park spaces		
Bridge + Bowl	Physical Card	01/22	Napier Center		4	Needs a transit system, or another bridge	4	Needs more open space for multiple uses like Central Park	3	Okay	3	It could possibly work
Bridge + Bowl	Physical Card	01/22	Napier Center		3	This offers the most parking opportunities than the rest	4	I think the large central lawn draws your eyes to the site	2	Only the boat launch seems to be where access to water happens?	5	I liked the activity under the bridge
Bridge + Bowl	Physical Card	01/22	Napier Center		4					More dock (water access)		Swim? Second best boathouse
Bridge + Bowl	Physical Card	01/22	Napier Center		2		1		1		1	
Bridge + Bowl	Physical Card	01/22	Napier Center		4		3		3		3	People can do other sports and basketball in other parks
Bridge + Bowl	Physical Card	01/22	Napier Center		4	Excellent pedestrian access	4	Nicely done	2	Needs more river access/beach	4	Like the big sports field. Great rowing/aquatic set up
Bridge + Bowl	Physical Card	01/22	Police Precinct		1	Mobility hub, transit connection, greenway connection difficult, will not be used	2	Like the skatepark	2		3	Not designed for all ages
Bridge + Bowl	Physical Card	01/22	Police Precinct		0	Influx of homeless; how would you control it	0	Needs to be monitored by someone	5	Healthy for adults not kids	5	Family gatherings are always good. Reunions,etc.

# Score Cards

After reviewing the three design options for Wharf Park, attendees filled out a form to score the design's approach to Connections, Character, Environment and Activity. Ratings were on a scale of (0-5).

Scheme	Format	Date	Venue	General Rating (Google Form)	Connections (0-5)	Connections (Why?)	Character (0-5)	Character (Why?)	Environment (0-5)	Environment (Why?)	Activity + Use (0-5)	Activity + Use (Why?)
Bridge + Bowl	Physical Card	01/22	Police Precinct		0	Talk to Open Table Nashville. Talk to community grassroots leaders	0	This is not alright. Until homeless are housed the city should halt this project	0	This project is unfavorable to the community of Napier. Napier has been fighting for years for updates and instead this city money is going towards this project. Seriously?! It's a clear injustice. Metro departments of Housing and Social Services need to be talking!!!	0	These plans are not recognizing how they would push out the homeless folks and there needs to be Affordable housing. Talk to homeless and housing advocates now!
Bridge + Bowl	Physical Card	01/19	Police Precinct		5	Bridge down to the boathouse seems like a great idea; circulation makes a lot of sense	5	Love how it make use of the differences in height between the levels in a way that can be interacted with	2	Feels like the bowl could be smaller and allow for more tree coverage	3.5	Love the range of activity but want to ensure there's space for folks to just be - maybe the bowl is a little too big
Bridge + Bowl	Physical Card	01/19	Police Precinct		5	Bridge allows access from downtown side. Creates potential circulation loop. Fun and added access! Really like that location for the boathouse	4	Takes advantage of steep slope with bridge and quarry skatepark but the oval lawn feels out of character	3	Big oval lawn seems a bit counter to the river's edge forest feeling	4.5	Seems to accommodate many uses - love the quarry skatepark and bridge to boathouse
Bridge + Bowl	Physical Card	01/19	Police Precinct		3.5	Multiple points of access	3		2	Could do more	4.5	Lots to do! Boats would be fun
Bridge + Bowl	Physical Card	01/19	Police Precinct		3	Water access is a favored item	1	Just don't feel as safe in these spaces	3	Love tot lot!	2	Feels over active in space for mid-life/older folks. Seems youth focused
Bridge + Bowl	Physical Card	01/19	Police Precinct		4	Bridge to water	3		3	Removing trees for large lawn	4	Add murals to courts under bridge
Bridge + Bowl	Physical Card	01/19	Police Precinct		5	The balance with nature, the garden			5	The garden	5	Boating and "family" activities
Bridge + Bowl	Physical Card	01/19	Police Precinct		4	Great blend	4	Awesome space and look	4	Best blending of ecological system	2.5	Love the trails and water activities. Do not like the kids playground items
Bridge + Bowl	Physical Card	01/19	Parks Dept		3		3		2		5	I love the lagoon idea. It offers much more safe water access opportunities
Bridge + Bowl	Physical Card	01/19	Parks Dept		4.5	Like the central water usage	4	Like the pulling water in very cool	4	Pulling in and planting at wetland	4	Like the focus is more limited
Bridge + Bowl	Physical Card	01/19	Parks Dept		0	Too aggressive, too expensive, not realistic	0		0		0	
Bridge + Bowl	Google Form	01/21		4								This rating is based on the idea of building a true community gathering space for those in the neighborhood.

# Score Cards

After reviewing the three design options for Wharf Park, attendees filled out a form to score the design's approach to Connections, Character, Environment and Activity. Ratings were on a scale of (0-5).

Scheme	Format	Date	Venue	General Rating (Google Form)	Connections (0-5)	Connections (Why?)	Character (0-5)	Character (Why?)	Environment (0-5)	Environment (Why?)	Activity + Use (0-5)	Activity + Use (Why?)
Bridge + Bowl	Google Form	01/21			2							I like the community aspects of this park, but It's not as strong on the natural features. I'm rating this lower because I like the River Forest option better, but this plan also does not do enough to address the needs and concerns of the residents who currently call the park home.
Bridge + Bowl	Google Form	01/21			5							Love the idea of open green space paired with quiet forested areas. I'm not sure how much people skate here but I definitely think that's and exciting reuse of the quarries.
Bridge + Bowl	Google Form	01/22			2							
Bridge + Bowl	Google Form	01/25			5							Elevates the space and provides more options for community
Bridge + Bowl	Google Form	01/25			3							
Bridge + Bowl	Google Form	01/27			2							
Bridge + Bowl	Google Form	01/27			3							
Bridge + Bowl	Google Form	01/27			3							
Bridge + Bowl	Google Form	01/27			5							
Bridge + Bowl	Google Form	01/27			5							
River Forest	Physical Card	01/22	Napier Center						0	Displacing unhoused folks is violent and jeopardizes their health	0	Who truly will be able to access this park?
River Forest	Physical Card	01/22	Napier Center				5	I love what you're proposing here with the waterfall element			0	We need low income housing incorporated near and on the 88 Hermitage Ave lot
River Forest	Physical Card	01/22	Napier Center		0	The planning of this park hasn't included the residents who currently live at the "park"	0	Everyone keeps talking about timing and this talking point needs to stop	0	Why does this project put more value on the environment than the people	0	
River Forest	Physical Card	01/22	Napier Center		5	Without connectivity card and parking lots ruin the experience and environment	5	The waterfall is excellent	5	Glad to see so many trees for shade in the summer	4	Numerous small stations help with park capacity
River Forest	Physical Card	01/22	Napier Center		5	Transit accessible for south and east	5	Murals, local artists	5	Fruit trees, Trevecca urban farms	5

Scheme	Format	Date	Venue	General Rating (Google Form)	Connections (0-5)	Connections (Why?)	Character (0-5)	Character (Why?)	Environment (0-5)	Environment (Why?)	Activity + Use (0-5)	Activity + Use (Why?)
River Forest	Physical Card	01/22	Napier Center			Cost!! Of changing the floodplain		Where will the funding come from, who foots the bill				Let's be very serious here; the homeless have nowhere to go!
River Forest	Physical Card	01/22	Napier Center						5	People who are unhoused need/use public park spaces		
River Forest	Physical Card	01/22	Napier Center		5	Important to keep tree around, needs a transit system as well	5	Love the character but needs more open space for public to sunbathe	5	More trees, more nature to watch	5	Love it!
River Forest	Physical Card	01/22	Napier Center		3	The spaces seem so compartmentalized and not interconnected?	2	I think the other concepts provide more unique design	2	I think this is the most "hardscaped" concept that doesn't incorporate the wetland? Idk nevermind!	5	I do like the idea of active zones near the nature instead of the bluff
River Forest	Physical Card	01/22	Napier Center		4		3.5		2	More dock (water access)	4	Swim? Best boathouse
River Forest	Physical Card	01/22	Napier Center		1		2		1		1	
River Forest	Physical Card	01/22	Napier Center		2		2		2		2	
River Forest	Physical Card	01/22	Napier Center		2	Needs more pedestrian access	3		4	Nice forest emphasis	4	Needs a skatepark, great rowing/aquatic sport set up
River Forest	Physical Card	01/22	Police Precinct		4	Mobility hub, greenway connection, transit connection	1	Design for all ages	3			3
River Forest	Physical Card	01/22	Police Precinct		0	Needs a better entrance safe for kids	0	What do you have in place to keep the kids safe from the bluff	0	Storage is fine but sales of boats not needed	0	Travel time for JC Napier, a bus route is needed for the park
River Forest	Physical Card	01/22	Police Precinct		0	Disconnection from community feedback	0	Homeless folks deserve dignity and respect!	0	The environment needs to be exact models of what might be done for people to now what they are agreeing to	0	These plans are not recognizing how they would push out the homeless folks and there needs to be Affordable housing. Talk to homeless and housing advocates now!
River Forest	Physical Card	01/19	Police Precinct		0	Access feels less dynamic/more rigid; presented with less options	4	The waterfall and preservational dynamic appeals to me as someone born and raised here	5	Waterfall is so cool. Also love how much tree coverage there is	4	Would love a version of this with a full skatepark. Would love less parking in favor of that
River Forest	Physical Card	01/19	Police Precinct		2.5	Don't love the main 'T' circulation path. Main path feels stagnant and far from the water	5	Water feature at the bluff feels like a *moment"	3.5	Doesn't quite feel as celebratory of the waterfront	4	Seems to have a lot of good family friendly options
River Forest	Physical Card	01/19	Police Precinct		3	Does the greenway end on the west side of the park?	2	Cool idea with the history but is it necessary?	3	Like the the forest is preserved. Would like that expanded!	4.5	Seems to be very pro-activity

River Forest	Google Form	01/27		3								
Wetland Braid	Physical Card	01/22	Napier Center						0	Displacement and gentrification is a public health crisis	0	
Wetland Braid	Physical Card	01/22	Napier Center								5	I love the different play options for kids
Wetland Braid	Physical Card	01/22	Napier Center						0	Permanently changing the landscape could have unforeseen consequences		
Wetland Braid	Physical Card	01/22	Napier Center		4		3	The river activity is great, if the boats can be rentals for free or cheap	3		5	
Wetland Braid	Physical Card	01/22	Napier Center		0	Transit accessible for south and east	0	Murals, local artists	0	Fruit trees, Trevecca urban farms	0	
Wetland Braid	Physical Card	01/22	Napier Center						5	People who are unhoused need/use public park spaces		

# Score Cards

After reviewing the three design options for Wharf Park, attendees filled out a form to score the design's approach to Connections, Character, Environment and Activity. Ratings were on a scale of (0-5).

Scheme	Format	Date	Venue	General Rating (Google Form)	Connections (0-5)	Connections (Why?)	Character (0-5)	Character (Why?)	Environment (0-5)	Environment (Why?)	Activity + Use (0-5)	Activity + Use (Why?)
Wetland Braid	Physical Card	01/22	Napier Center		0	Not enough trees are being saved	1	Nashville has flood issues, not enough trees saved!	0	Not enough preservation of trees	0	Too much water, Nashville known to flood
Wetland Braid	Physical Card	01/22	Napier Center		2	Egress into the site parking is a little uncertain	5	It's definitely unique and unlike what available here currently	2	I worry about the dredging of the Cumberland and It's potential effects	5	Great use of space putting more urban activities under the bridge
Wetland Braid	Physical Card	01/22	Napier Center		4		5			Water access is the best on this option		Swimming? Multiple boathouses are not great
Wetland Braid	Physical Card	01/22	Napier Center		5		5		5		5	
Wetland Braid	Physical Card	01/22	Napier Center		5		5		5		5	skatepark under the bridge, calm water for tubing/beach
Wetland Braid	Physical Card	01/22	Napier Center		5	Opens Nashville up to the water	5	Great celebration of the water!	5	Great orientation to the water	5	Great river access for all ages. Like the pull out area and the beach. Great skatepark
Wetland Braid	Physical Card	01/22	Police Precinct		4	Mobility hub, transit connection, greenway connection difficult, will not be	3	Like the activation of the river	4	will handle floods better. Like the wetland for birds and wildlife	5	Needs a nature centre, like this one the best
Wetland Braid	Physical Card	01/22	Police Precinct		5	Looks like a healthy greenway for some not for all	5	The view would be great	0	Boat traffic routing is in question		Police presence of some sort would be good
Wetland Braid	Physical Card	01/22	Police Precinct		0	The homeless have nowhere to go and y'all are out here murdering us slowly. Stop!	0	Really think through your priorities. People over profit first!	0		0	These plans are not recognizing the need to talk to the homeless and housing advocates and organizations for feedback. This project requires bringing in those folks together, not against each other
Wetland Braid	Physical Card	01/19	Police Precinct		4	I like how the greenway brings you close to the water sooner/for longer	2	Definitely cool, but feels similar to other parks we have already	5	The island is a really cool idea-would be fun to interact/engage with from the vantage point of watching it change with water trends and surrounding landscape	2.5	Too much emphasis on boating. Not everyone in the neighborhood/Nashville has a kayak or the money to rent one
Wetland Braid	Physical Card	01/19	Police Precinct		3.5	Would be great to have another point of pedestrian access closer to the river view dock	5	Celebrates the river by drawing it closer! With hardscape activites under the interstate which makes sense	5	The inlet seems like it would encourage more casual engagement with the riverfront which seems lovely	5	So many great activities! Courts, skatepark, rock climbing, plus the inlet creates easier access for beginners which seems great
Wetland Braid	Physical Card	01/19	Police Precinct		3		4		4		4	
Wetland Braid	Physical Card	01/19	Police Precinct		3		3		3	River overlook is a smashing idea - love it!		Like pilot spots planned
Wetland Braid	Physical Card	01/19	Police Precinct		4		4	Make island accessible	4		4	Add murals to courts under bridge

## Score Cards - Additional Comments

General written comments from the design options score cards.

Scheme	Format	Date	General Comments
Bridge + Bowl	Google Form	01/21	Being a resident of rolling mill hill, I'm super excited to see that this area is getting the attention it deserves. Moving from a river city like Pittsburgh, where the riverfront is celebrated, It's heartbreaking to see how underutilized the riverfront is in Nashville. That being said, I'd LOVE to see a dog park included in any of these schemes, as well as a more direct at-grade connection (along the railroad tracks, precedent could be similar to Neyland Greenway along the river in Knoxville) to the downtown/ascend park because getting across KVB (and even under, at times) is often a challenge (the grand prix in August was a great example of literal roadblocks and limits for getting across and even under the bridge). I also love seeing these schemes include preserving the structure at the "trailhead" and that beautiful walled lawn right off of Hermitage. I think a direct access from the bluff down to the park is also super important. Sorry for the stream of consciousness, but very impressed with the team and project as a whole. Thank you!
Bridge + Bowl	Google Form	01/25	Elevates the space and provides more options for community
Bridge + Bowl	Google Form	01/27	I think Bridge and Bowl highlight two of my priorities for the site, the rowing facility and a large open public space for congregation and potential small events.
Bridge + Bowl	Google Form	01/27	I think this plan the best. it activates the entire area and still keeps plenty of natural space.
Bridge + Bowl	Google Form	01/27	It's cute with the bridge
Bridge + Bowl	Physical Card	01/19	Love the bridge connection to the boathouse, but oval lawn seems like it turns focus away from it being a riverfront park.
Bridge + Bowl	Physical Card	01/22	Will only vote for this option if Low Income/Affordable income housing is proposed
River Forest	Physical Card	01/22	Boathouse on river forest is the best. Great access to the river is important
River Forest	Physical Card	01/19	Design pet friendly spots? Parking area versus infant/toddler transport to play-younger children and their stuff closer to vehicles
River Forest	Google Form	01/25	Good use and consistent with Shelby
River Forest	Google Form	01/27	I like the plan but given the downtown location, I think more activation is needed.
River Forest	Google Form	01/27	I like the prioritization of existing trees
River Forest	Google Form	01/21	I think this is a nice place, but I think it could be utilized to better build a community hub.
River Forest	Google Form	01/27	Kinda ok incorporating the existing industrial nature of the area, but hopefully that will disappear soon & allow more nature to return
River Forest	Google Form	01/22	Most natural
River Forest	Google Form	01/21	This was my favorite option, but the boathouse/cafe should include free public amenities like restrooms, Wifi, showers, a computer lab, a couple meeting areas that could provide a place for people to meet their case managers. I love the natural features in this plan and would have rated it higher if it would have included low-income housing, a safe place for parking overnight, or other features that would have addressed the current residents of the camp.
Wetland Braid	Physical Card	01/22	Best option
Wetland Braid	Physical Card	01/19	I like the riparian friendly edge
Wetland Braid	Google Form	01/27	I like this plan the least. Too little activation and I think the channel cut is not needed.
Wetland Braid	Physical Card	01/19	Really convinced by the Wetland Braid!
Wetland Braid	Physical Card	01/22	Really like the Wetland Braid that open the city up to the river... finally!
Wetland Braid	Google Form	01/25	The Cumberland is still an industrial river and celebrating this way seems to paper over the issues it still has with pollution
Wetland Braid	Google Form	01/27	This allows the wetlands to return to the area & give all a chance to see it up close. The closest I've ever been was on a kayak, but to be able to walk right through it would be amazing. Many are afraid of water/boats. This design would give people an opportunity to see wetlands up close when tides are low. But also allows nature to flow unhindered when levels are high.
Wetland Braid	Google Form	01/27	Very cool idea but the way the riverbank is altered could be cost prohibitive and hard to maintain during times of flooding.
	Physical Card	01/22	[These design options] do not align at all [with my future vision of Wharf Park]. We were told that people would be able to answer our questions about where the displaced community of unhoused residents of this land would go today, but those questions remain unanswered. Unacceptable.
	Physical Card	01/22	A liaison between housing and police; Affordable housing for Tent City residents; Housing for those who don't qualify for Section 8
	Physical Card	01/19	Add dog park! Also share waste
	Physical Card	01/22	All options need to focus on the water more, less basketball courts and soccer fields. Other sites can offer that. Parking!?!? 100 Speances doesn't seem like it is enough

## Score Cards - Additional Comments

General written comments from the design options score cards.

Scheme	Format	Date	General Comments
	Physical Card	01/22	All three place are violence in action. Displacement and gentrification is violent. You cannot keep separating the discussion of aesthetics and the displacement that will need to occur in order to carry out any of these three plans. Put this much effort into re-investing in the Napier Community Center that already exists and that the community is asking for. You, Metro Parks, the City of Nashville, Mayor Cooper, are allowing this to happen, you are not supporting your residents, your constituents.
	Physical Card	01/19	Design pet friendly spots? Parking area versus infant/toddler transport to play-younger children and their stuff closer to vehicles
	Physical Card	01/22	Favorite is Bridge + Bowl and River Forest, combine these two
	Google Form	01/21	Great Zoom presentation. I really appreciated the effort to answer all questions and how informative the session was for those watching.
	Google Form	01/27	Honestly all options are very cool!
	Physical Card	01/22	I have only one question; that is I have been homeless, where would I go? Do you have a plan? If so what is it?
	Physical Card	01/22	I want and area for this community that is similar to New York's Central Park. A nature center. Transit to and from the area. And a bridge for connection South Nashville as well as East Nashville. Fishing area
	Physical Card	01/19	I would value at least one dense green space and bike trails. Maybe a community garden/share waste or compost
	Physical Card	01/22	If any plans move forward without prioritized, intentional engagement with the historic unhoused population in this very vicinity; promoting attainable housing and design/utility that includes those living on the street and without money (water fountains, benches you can lay down on, 247 toilets), I will not support this park
	Google Form	01/21	It is clear that you put a lot of thought into these models. But just saying that you're working with Metro Social Services and MHID is *not* enough to address the issues that the residents of Tent City/Wharf Park are facing. More needs to be done to include low-income housing into this plan (the old school for the blind is the PERFECT option for this) and to include other public amenities that could be utilized. It is and unacceptable, and immoral, to not include housing as part of this plan that will cost millions of dollars. We are experiencing a housing crisis, and while I love public parks, housing saves lives. I have NO interest in seeing Wharf Park because a playground for the rich (like the luxury condos across the street) while the poor are displaced again and denied a place to simply exist while they work on housing. Advocates will *not* support a plan that doesn't include low-income housing onsite for people. You have the chance to do this well... to make this development project more equitable. And I pray you take that. People's lives depend on it.
	Physical Card	01/22	It sounds like open space (not a sports field) is important to people. And working transparently on the displacement issue-maybe having more meetings with residents and community groups... NOT just handing this over to MSS or MHID. Groups and residents don't trust them. *River access is also great*
	Physical Card	01/22	Let's focus on the Napier Center due to the need of restructuring; The old building [is] in need of rebuilding; Help the neighborhood; [It's] much needed now!!
	Physical Card	01/19	Love the connection of the River Forest and Wetland Braid to the river and multiple opportunities for people to interact with the river edge, not just through the boathouse area
	Physical Card	01/19	Please, no anti-homeless architecture. Leave plenty of space for people who just want to read and sit in the sun/under a tree
	Physical Card	01/19	The city does a poor job of keeping up exercise and playground items in other parks so do not have faith that they will keep these up
	Physical Card	01/22	Who will this displace? The good of these designs is based entirely upon who is able to visit and use this park. Connect this to every other greenway possible. Ensure that any camps violently removed must be replaced by public housing. Ideally, place this housing within a short, safe distance. Without these guarantees, the park will story It's history with violence.
	Physical Card	01/22	You need to leave more space for comment, these questions suck, you are treating it as if everyone already wants this park

1/21	Before building new parks, how about cleaning up Brookmeade and reopening it?			
1/21	Where will the unhoused neighbors go that live there currently?	They have this beautiful Master Plan but no plans for the people that live there	Away, they are trespassers.	
1/21	Nashville's next great park? Like Brookmeade? Don't start a new park if the current ones are trashed by tent cities.			
1/21	How will you monitor to make sure this doesn't end up like Brookmeade Park where more than 80 people are living?			
1/21	What about the costs of maintaining another park when our current parks are falling apart. Steeplechase- wooden stands are treacherous and dangerous. Edwin and Percy both need roads repaired and repaved. Both need to have the vandalism addressed with cameras. These parks need a bigger budget than just repairing the old stone pillars that are knocked down each year. Have any idea how much money has been spent on that over the last decade? Brookmeade is and entirely different ball game but I know if these people were camping out at Warner or Radnor it would never have been allowed. Why is this exception being made for Brookmeade? Radnor I believe is a State Park. Why can we not try for the higher standards that Radnor has in our Metro Parks?			
1/21	Earlier today I 'walked the camps along seventh creek/ the soccer field at Whitfield/Caldwell park. where 5 people drowned. Metro Park.			
1/21	thank you!			
1/21	Land raffle			
1/21	Please help us we're not bad ppl were just poor ppl trying to survive doing the best we can with what we have we don't ask for nothing we just need a rope god bless y'all merry Christmas			
1/21	If metro social services could do anything about it, it would be done. And this IS DIRECTLY RELATED to the park.			
1/21	Kayla, what kind of housing do you think would feel welcoming to the current encampment residents - apartments? high rise?, single family homes?			
1/21	Please forward this to Mayor John Cooper.			
1/21	Oh no we heard it, it just wasn't and answer			
1/21	When it floods down here it floods			
1/21	Would be nice to see this kind of passion for the public park & greenway Brookmeade Park. Hard to get excited for this and submit ideas, comments and questions when the same organization pitching this concept is the same organization that has not addressed and existing public park that is closed to the general public & open to camping for unhoused. Can you assure us that this will not be funded and developed until Brookmeade is returned to the general public for It's intended purpose? If so, can you provide a timeline since the timeline for Wharf Park is well documented?

1/21	Can someone actually ANSWER ANY of the questions about the unhoused population			
1/21	WEGO has their bus maintenance facility facility also right on that edge of the Cumberland. Flooding is a continual problem. How does this proposal address this ?			
1/21	It is irresponsible to talk about the aesthetics of this plan in isolation of the community's housing concerns and pass that responsibility on to a different entity.			
1/21	We want to see the school for the blind building on Hermitage used for low-income housing. Any boathouse should include a community center with free community amenities (as we've listed).			
1/21	So can the School for the Blind be used for transitional housing for the homeless?			
1/21	Can you speak to the operational budgets of each option? Seems like our preferences might hinge on the achievability of each option.			
1/21	How many people will be displaced for this to happen?	About 150-200 ppl down here	Kayla is that the Wharf Park or Brookmeade Park?	Just wharf park
1/21	Will residents of the close public housing community get subsidized access to any of the paid amenities there like the row house?			
1/21	I've already got enough anxiety to deal with now I gotta find another place to live with my mental health issues along with my physical health I should say I'm used to it ..." Being homeless" but how would u feel if someone came to ur house every 6 months telling you you have to move now think of the anxiety that goes with that now I'm just 1 person but there's many like me for those of u that do care my anxiety has risen to a trillion fold . It makes me sad the rich keep getting richer and us lower class citizen " of which were not" because we're no different than you, you or you	Thanks for sharing your experience, Kayla!	It's is all of our experience including all of u that do care bc ur anxiety is no worse than mine and worse u all are doing the best u can to do the right thing and we appreciate and love u all and ty for all the hard work u guys do for the "little ppl" like us god bless y'all and merry Christmas wish u success and blessings	
1/21	Earlier today I 'walked the camps along seventh creek/ the soccer field at Whitfield/caldwell park. Where 5 people drowned. Metro Park.			
1/21	6th Grade Social Studies class from Templeton Academy here. Students are excited about the space.			
1/21	Have to suffer			
1/21	It seems highly irresponsible to be developing a new park while Metro Parks is not taking care of their existing parks, namely Brookmeade Park & Greenway. What is your comment to this?			
1/21	How are you all going to address the homeless issue there? The first part of this plan should be the homeless. Where are they going to go?			
1/21	How much money will be devoted to secure and dignified relocation and housing for current residents?			
1/21	In the Bridge and Bowl plan, can you explain what amenities would be available at the community boat house (i.e. Wifi, public restrooms, computer lab, etc. that were in many of the comments from the last meeting)?

1/21	Seems like between train traffic, waterfalls, and deep river water, it doesn't sound like a very safe place for young kids to be romping around.			
1/21	The homeless should be the priority before you can show this "Beautiful Master Plan"			
1/21	So far I haven't heard about any of the suggestions I heard of / saw at the previous meetings - access to wifi, bathrooms, showers, safe park and camp area, service provider hub...			
1/21	Where is the option where we don't destroy a camp?			
1/21	Nashville had a water system at/near this location. It was completed in 1833 and remnants of the system remain and can be seen from the RR tracks .			
1/21	I've done homeless outreach work and have worked with residents in the Tent City/Wharf Park area since 2008. I've also worked with Metro Social Services and Metro Homeless Impact Division and don't have confidence in their approach to closing encampments. If you're really interested in working *with* the residents, you'll partner with them first, as well as the nonprofit/outreach groups that have gained their trust. Not just other Metro agencies who answer to the Mayor's Office - NOT the people affected.			
1/21	The campers at Brookmeade Greenway have cut trees down and are burning them.			
1/21	Metro can't keep pretending the homeless community is just going to disappear by move it around.			
1/21	Maybe the fact that the question about housing continues to come up means we should pay attention to it.			
1/21	Can you add housing to the four other categories?			
1/21	Can we take a moment to let these two competing interests sink in - land where folks who have nowhere else to go LIVE VS. people who want to use this area to access their recreational sport?			
1/21	Pretending you can have this conversation without making housing a primary issue is moronic.			
1/21	How can you discuss the park development WITHOUT housing experts to advocate for the folks living on the site?	yes!		
1/21	Thank you Tim for your reply.			
1/21	I agree with Lindsey that the structure on the site offers and opportunity to provide housing on site that would reduce displacement. What income would the affordable housing be affordable to?			
1/21	What are your consulting teams and Metro Parks doing to advocate for the old vocational rehab center to be converted into low-income housing?			
1/21	If the old vocational rehab center at the top of the "park" was converted into low-income housing, there would be way less displacement.

1/21	"We are not looking to displace" - that is precisely what this plan does, unfortunately.			
1/21	What about the Brookmeade Greenway??? It is unsafe to use			
1/21	There have been encampments on that site since at least the 1980s.			
1/21	Your photo in your slide advertising people walking on the railroad tracks in this area - unhoused folks were threatened with felony charges for doing that same action in that same location last week by MNPd.			
1/21	What about our unhoused neighbors?			
1/21	No pictures of the homeless camp that is currently there?			
1/21	There is and active encampment community that is currently existing without impacting any neighbors or businesses. What is the plan for relocating them?			
1/21	Where will the unhoused folks already living on this land, waiting for and working towards housing go?			
1/21	Are there plans to continue the Big Band Dance in Centennial Park?			
1/21	Will you clean up Brookmeade Greenway before you begin Wharf? What will happen to to homeless in the Wharf area?			

# Program Flags

Public meeting attendees were asked to place flags on the park activities that they preferred.

River Forest			
	Program	January 19 Flags	January 22 Flags
	Multi-use launch	3	1
	River plaza	2	1
	Boathouse	1	2
	Multi-use lawn + overlook	2	1
	Chase boat launch	2	0
	Wetland gardens	2	2
