- 5. On the additional sub options under zoning, click on our 4 types of historic overlays:
 - a. Historic Bed and Breakfast Overlay
 - b. Historic Landmark Overlay
 - c. Historic Preservation Overlay
 - d. Historic Neighborhood Conservation Overlay

If the property is in an overlay you will see a colored graphic over it and the name of the particular district. You can then click on the "+" or "-" buttons to zoom in and out to see more of the boundaries of the district.

Please note that the layer title "historic districts," that is not located under the "zoning" layer denotes properties listed or eligible for listing in the National Register of Historic Places. Properties listed in the National Register may or may not also be in a local historic overlay.
