

Presentation of Findings from Stormwater Complaints Assessment

January 30, 2024 | 6:00 - 7:45 p.m.

Sonny West Auditorium

Howard Office Building | 700 President Ronald Reagan Way | Nashville, TN 37210

The public is invited to hear a presentation regarding Phase I of the Stormwater Runoff Complaints Assessment. The project team will share the study's key findings and recommendations and address audience questions and feedback that could inform further studies and recommendations in a potential Phase II.

Metro Nashville (Planning, Water Services, and Codes Departments), in partnership with Kimley-Horn and Hawkins Partners, has completed an assessment of stormwater runoff complaints for the years 2021 and 2022 within four hotspot areas: The Nations, East Nashville, Buena Vista, and Green Hills.
